President welcome speech

Welcome message from the president Abdulrahman Al Mannai

I would like to take this opportunity to extend a warm welcome to all our competitors, teams, officials and members of the media to the Qatar International Rally, which will be the second round of the 2026 FIA Middle East Rally Championship (MERC).

Last year, we celebrated the 50th anniversary of the first ever Qatar International Rally that was held in 1975. On this occasion, the Qatar Motor and Motorcycle Federation (QMMF) will host the 46th edition of one of the longest standing motor sporting events in the history of the Middle East.

The rally continues to attract the cream of the drivers from the region. They are joined by competitors from Europe and beyond who are keen to tackle the unique challenges of the special stages across our northern desert.

Our team at the QMMF has considerable experience of organising international events and we are looking forward to hosting this challenging round of the MERC once again. The regional rally series has been an integral part of the FIA motor sporting calendar since 1984 and we have seen many exciting moments over the course of all those years.

We look forward to hosting what we hope will be another safe and successful event at the start of February and look ahead to welcoming you all again.

Abdulrahman Al-Mannai
President, QMMF

Please Do

- Dress modestly. Qatar is a Muslim country and it has conservative dress codes.Trousers are acceptable for women but avoid shorts, strappy low cut tops, see through and transparent clothes.
- Use Karwa taxis or the metro—they are safe, clean, and convenient. Most taxi drivers speak English
- Drink plenty of water, especially during the hot summer. Two liters of water per person, per day is the absolute minimum that should be drank.
- Use a high factor sun block on all exposed skin, even in the winter, including the tops of your feet if wearing sandals. It is highly recommended to wear hats or caps.
- Remember the air conditioning, which can chill you at restaurants, cinemas and shopping malls. Take always along a light jacket as a precaution.

Please Don't do

- Do not take photographs without permission of other people, including police, armed forces, or sensitive sites. Arabic women and many older people strongly object to being photographed.
- Do not drink excessively in public. Alcohol in Qatar is strictly regulated, and there is zero tolerance for drunk driving, rowdy behavior, or drug use.
- Do not display public affection between men and women. Behavior deemed to infringe moral values may lead to prosecution.
