

MESSAGE FROM OUR SERVICE AREA MANAGAINGER

Hi All,

Welcome to the IDS Laser Forestry Rally for 2026, I hope you have an enjoyable stay in my home County Laois.

Just a few pointers as regards the Service area,

1. As per normal ground sheets must be used under all cars and fire extinguishers must be out of the vans.
2. All service vehicles (trucks vans and other vehicles) will park on the path provided on the right-hand side of road, cars being serviced will park on the right-hand carriageway of the road only.
THERE ARE NO EXCEPTIONS TO THIS.
3. Service bays including ground-sheets and canopies must not pass over the white line in the middle of road.
4. The left-hand side of road must be kept clear as it is being used for cars entering and exiting the service area. The left hand side path must be kept clear for pedestrians.
5. No SERVICE PASS – NO ENTRY – Don't ask as refusal oftens causes offence.
6. I would ask if you are servicing 2 or more cars to give me a ring on Friday and I can allocate you a space for whatever cars need to be together.
7. We have a few up and coming new members helping me in service this year, so I would ask for your patience. We will get you sorted as quickly as possible. Please remember we are all just here to help you. No abuse to any members of my team will be tolerated, so please be nice, as we will be with you.
9. If you have any questions or queries regarding above, please don't hesitate to contact me.

I hope that everyone has a safe and enjoyable rally.

Thanking you ...

Brendan Downey

Service Area Coordinator
