

Bulletin no: 2

Date: 12/07/2025

Time: 06:00

A reminder that competitors should use the trailer parking and only 1 vehicle in the service area during the event. Extra vehicles should use the car parks shown on Sportity.

Some competitors have printed the Motorsport UK approved route document, which contains 2 versions of stages 5 and 7. The final version in bunkers is not used, which is reflected in the competitor documents file on Sportity where the Stage maps are.
