## Interruption of SS3

Considering the fast worsening of the weather and terrain conditions and particularly the growing level of the waters of a wadi at km 258, SS3 is interrupted at the Neutralisation OUT (km 240,28) for all competitors running before this point of the selective section.

From That point, crews will return to the bivouac using the alternative road book available through Sportity.

The distance between the Neutralisation OUT and TC3A (CH Bivouac) is 227,06 km and the allotted time is 04:00h.
