EQUIVALENCE OF TECHNOLOGY

Following the data analysis of the vehicles entered in the T1.U and T1+ classes on Stages 1, 2 and 3 of the 2023 Dakar Rally, the W2RC Committee decides, in accordance with Article V1 13.3 of the Cross-Country Rally Sporting Regulations:

- Increase the maximum power of T1.U cars, as defined in Article 285-12 of Appendix J, by 8 kW (new power: 266 kW excluding efficiency coefficient).

This decision is valid from Stage 5 of the 2023 Dakar Rally.
