(Date)

GENERAL TERMS AND PERMIT STIPULATIONS

- A. Compliance with laws, regulations, and other legal requirements.** The Permittee shall comply with all Federal, State, and local laws, ordinances, regulations, orders, postings, or written requirements applicable to the area or operations covered by the Special Recreation Permit (SRP). The Permittee shall ensure that all persons operating under the authorization have obtained all required Federal, State, and local licenses, certifications, or registrations. The Permittee shall ensure compliance with these requirements by all agents of the Permittee and by all clients, customers, participants, and spectators under the Permittee's supervision.
- B. Modification, Suspension, Termination.** An SRP authorizes specific uses of the public lands and related waters and when circumstances warrant, the permit may be modified by the BLM at any time, including modifying or limiting the amount of use. The Authorized Officer may suspend or terminate an SRP if necessary to protect public resources, health, safety, the environment, or because of non-compliance with permit stipulations. Actions by the BLM to suspend or terminate an SRP are appealable.
- C. Permit Value & Operating Rights.** No value shall be assigned to or claimed for the permit, or for the occupancy or use of Federal lands or related waters granted thereupon. The permit is not to be considered property on which the Permittee shall be entitled to earn or receive any return, income, price, or compensation, and may not be used as collateral for a loan. In the event of default on any mortgage or other indebtedness such as bankruptcy, creditors shall not succeed to the operating rights or privileges of the Permittee's SRP. This permit, which can be suspended or terminated, is not a contract or a lease, but rather a Federal license.
- D. Non-Exclusive Use.** Unless expressly stated, the SRP does not create an exclusive right to use an area by the Permittee. The Permittee shall not interfere with other valid uses of the Federal land by other users. The United States reserves the right to use any part of the area for any purpose.
- E. Subcontracting.** Where the BLM authorizes a Permittee to subcontract a portion of the permitted activities, the Permittee must retain operational control of the permitted activities and must comply with any applicable special stipulations related to contractors and subcontractors which may include, but are not limited to, provisions regarding permit compliance, fee payment, reporting requirements, and insurance requirements.
- F. Advertising.** All printed, electronic, and oral advertising and representations made to the public and the Authorized Officer must be accurate. Although the addresses and telephone numbers of the BLM may be included in advertising materials, the Permittee will not seek or obtain trademark rights, use, or incorporate the names, trademarks, or logos of the BLM, the Government, or their employees in any advertising, promotional materials, sales literature, or on any product without the prior written approval of the BLM for the specific use. The Permittee shall not state or imply that the Government or any of its organizational units or employees endorses any product, service, or activity as being conducted by the BLM. The BLM does not directly or indirectly endorse any product or service provided, or to be provided, by the Permittee whether directly or indirectly related to this SRP. The Permittee may not portray or represent the permit fee as a special Federal user's tax. The Permittee must furnish the Authorized Officer with a current brochure or website, including price list.
- G. Responsibility of Permittee.** The Permittee assumes responsibility for inspecting the permitted area for any existing or new hazardous conditions, e.g., trail and route conditions, landslides, avalanches, rocks, changing water or weather conditions, falling limbs or trees, submerged objects, hazardous flora/fauna, abandoned mines, or other hazards that present risks for which the Permittee assumes responsibility.
- H. Resource Protection.** The Permittee cannot, unless specifically authorized, erect, construct, or place any building, structure, or other fixture on public lands. Upon completing the permitted activities, the lands must be restored as nearly as possible to pre-existing conditions.
- I. Display of Permit.** The Permittee, Permittee's employees, agents, and Authorized Officer approved subcontractors, must present or display a copy of the SRP to an Authorized Officer's representative or law enforcement personnel, upon request. If required, the Permittee must display a copy of the permit or other identification tag on equipment used during the period of authorized use.
- J. Operating Plan.** The operating plan submitted in the application corresponding to this permit is incorporated as the operating plan for this permit. Any changes to a Permittee's operations as described in this plan must be requested in writing to the BLM and approved in writing by the BLM. This request must receive prior written approval from the BLM Authorized Officer before any operating plan changes can take effect.
- K. Accounting Records.** The Authorized Officer, or other duly authorized representative of the BLM, may examine any of the books, documents, papers, or records pertaining to the permit or transactions related to it, in the custody, control, or possession of the Permittee or its employees, business affiliates, or agents for up to 3 years after expiration of the permit. For permits with fees greater than \$10,000 annually, when requested by the BLM, the holder, at their own expense, shall have their annual accounting records audited by an independent public accountant acceptable to the BLM. The permit holder must maintain internal accounting records pertaining to

this authorized use, and these records must be readily discernible from accounting transactions with other permits, business endeavors, or personal use. Accounting records must include the following:

1. A recordkeeping procedural outline or process plan.
2. Customer receipt deposit log or similar detailed information, which includes at a minimum: (A) Customer identifier; (B) Location identifier; (C) Dated deposit and amount; (D) Gross fee collected; (E) Subtotal after each customer transaction; (F) Grand total after each deposit; (G) Grand total of year-end receipts.
3. Corresponding monthly bank statement ledgers to the customer receipt deposit log or other compensation attributed to activities conducted under this permit.
4. Price advertisements.
5. Original customer reservation listings or event registration sheets.
6. A record of all financial relationships with booking agents, advertisers, subcontractors, and business affiliates connected to permitted use.
7. A record of all receipts or compensation including payments, gratuities, donations, gifts, bartering, etc., received from any source conducted under the permit.
8. A record of all payments made by the permit holder and claimed as a deduction in the permit holder fee submission. Records consist of receipts, debit transaction logs, bank statements, or similar records.
9. W-2 records or other similar records of employment for all employees conducting activities under the permit.

- L. Revenue Reporting.** The Permittee must submit a post-use report and any other required forms to the Authorized Officer by the due dates shown on the permit or annual validation. If the post-use report is not received by the established deadline, the permit may be suspended or terminated, and/or late fees assessed. The post-use reports for permits for commercial use must contain a trip-by-trip log of trip location, beginning and ending dates of each trip, number of clients, number of employees (including contractors and volunteers), and gross receipts for the trip. Post use reports for all permit types must contain the information requested by the BLM. Deductions based on pre- and post-trip transportation and lodging expenses and discounts based on percentage of time, acres, or miles off of public land, if being claimed, must be requested by the Permittee and approved by the BLM in writing in advance of the report submission. Receipts are required for all claimed deductions, including transportation and lodging, and must show proof of payment.
- M. Resource Damage and Injury Reporting.** The Permittee shall notify the Authorized Officer in writing within 24 hours of any incident that occurs while involved in activities authorized by this permit which results in death, personal injury requiring admission to a hospital, emergency evacuation, or in property damage greater than \$2,500 (lesser amounts if established by State law). The Permittee shall coordinate with the BLM and, in accordance with applicable law, submit any documentation related to the incident, including reports, within a time frame agreed upon with the Authorized Officer.
- N. Indemnification.** The Permittee waives all demands, claims, and causes of action against the United States and its officers, employees, agents, and representatives, and releases the United States and its officers, employees, agents, volunteers, and representatives from all liability, arising out of or resulting from the permitted activities and operations. The permitted activities and operations include all activities and operations occurring within locations identified in the permit area of operation, permit map, operating plan, and any associated published closure notices. The BLM issues this permit upon the express condition that the United States and its officers, employees, agents, volunteers, and representatives will be free from all liability arising out of, or resulting from, the permitted activities and operations. Accordingly, the Permittee hereby agrees to indemnify, defend, and save and hold harmless the United States and its officers, employees, agents, volunteers, and representatives from and against all liability arising out of, or resulting from, the permitted operations or activities.
- O. Insurance.** If required by the Authorized Officer, the Permittee shall carry general liability insurance against claims occasioned by the action or omissions of the holder, its agents, employees, volunteers, and contractors in carrying out activities and operations under this permit. The permitted activities and operations include all locations within the permit area of operation, permit map, operating plan, and associated published closure notices. The policy shall name the United States of America as additional insured, with waiver of subrogation against the United States, and must be issued by a company licensed to do business and in good standing in the state(s) covered by this permit. The Permittee agrees to have on file with the BLM copies of the above insurance with the proper endorsements.
- P. Fee Payment.** The Permittee must pay the required fees before the BLM will authorize the use identified in the permit. For installment payments when more than \$1,000 is owed, the Permittee must sign and submit a BLM promissory note, which must also be signed by the Authorized Officer. For multi-year permits, final payments may be adjusted based on post-use reports. For multi-year commercial permits, excess payments will be applied toward the following year's or season's estimated fee. For permits other than multi-year commercial permits, the BLM will give the Permittee the option whether to receive refunds or credit overpayments to future permits, less processing costs.
- Q. Equal Opportunity and Nondiscrimination.** The Permittee, its employees, and affiliates shall not discriminate against any person on the basis of race, color, sex, national origin, age, or disability or by curtailing or refusing to furnish accommodations, facilities, services, or use privileges offered to the public generally. In addition, the holder and its employees shall comply with the provisions of Title VI of the Civil Rights Act of 1964 as amended, Section 504 of the Rehabilitation Act of 1973, as amended, Title IX of the Education Amendments Act of 1972, as amended, and the Age Discrimination Act of 1975, as amended.

Aurora, CO 80016

Dear Mr. Berrington,

We have received your 2026 Special Recreation Annual Operating Authorization (AOA) requirements and fees for the Rally Car Race. Enclosed are your signed 2026 authorization documents along with your permit and map(s). Employees must carry a copy of the AOA, permit, signed operating area map(s) and personal identification when conducting commercial operations on public lands.

The AOA validates your permit and is required each year. Your permit explains your permitted commercial activities with any additional terms and conditions of use beyond the standard stipulations.

If you have questions, please feel free to contact San Delana Riebold, Outdoor Recreation Planner, at 970-878-3833, or Kyle Arnold, Assistant Field Manager at 970-878-3866, or schedule an appointment to stop by our office in Meeker. Thank you for your continuing cooperation and providing a special event on BLM administered lands.

Sincerely,

ROBERT
SWITHERS

ANNUAL OPERATING AUTHORIZATION 2026 Rally Car Race Event

COMPANY: USAC Racing DBA Rally Colorado
CO-N05-SRP-017-160

Your Special Recreation Permit renewal information has been received and is valid for commercial operations for the Commercial/Competitive National Rally Car Race for July 17-19, 2026; within the operating season as described in your permit. Pre-race road tests will be authorized July 15-16 prior to the race event.

Post Season Use fees will be based on the greater of 3% of gross receipts, \$7 per person per day, or \$130.00, and are due 30 days after your last day of use.

All staff and race representatives must carry a copy of the Special Recreation Permit, Annual Operating Authorization, a signed operating area map, and personal identification while conducting operations on public lands and are subject to all the permit terms, conditions, and stipulations associated with your permit.

**Rally Colorado
Additional Stipulations
SPECIAL RECREATION PERMIT (SRP)
CO-N05-SRP-017-160**

Applicant Committed Design Features

1. All motorized vehicle travel is limited to existing roads and trails.
2. The applicant requires all participants to comply with Colorado Parks and Wildlife (CPW) Off-Highway Vehicle (OHV) regulations and state laws for this event.
3. All residents and non-resident OHVs must display a valid OHV Permit, which should be appropriately affixed to the vehicle or carried in its bright green version. These permits are valid from March 1 of the current year through March 31 of the following year. While non-residents are not required to register their OHVs, they may choose to do so. If a non-resident opts for registration, they must provide acceptable proof of ownership.
4. All applicants have provided signed and dated signature pages from the current version of the BLM Colorado Special Recreation Permits-Conditions and Stipulations, the WRFO Special Recreation Permit policy, and when applicable the BLM Colorado Special Stipulations-Competitive, Organized, and Off-Highway Vehicle Events. These signatures mean that all applicants have read and understand the terms and conditions and agree to abide by them.
5. All race, staging and transit routes on RBC 109 starting at T3S R104W Section 26 NESE down to T3S R104W Section 34 Lot 2 may require dust mitigation. In the event racing, staging or transit occurs during the growing season (blooming and seed production), fugitive dust must be aggressively controlled using water only, free of any chemicals, oils, or solvents.
6. All starting and stopping points for race stages on RBC 109 will be authorized prior to yearly event. If the event desires to utilize the RBC 109 starting at T3S R104W Section 26 NESE down to T3S R104W Section 34 Lot 2, and the most current special status plant survey is over 4 years old, all mapped occupied and suitable habitats must be re-surveyed using the most current Bureau of Land Management (BLM) Standards for Contractor Inventories for Special Status Plant Species & Noxious Weed Affiliates Protocol. The results of the survey must be provided to the BLM ecologist before racing activities

occur. Depending on survey results additional mitigation may be applied to help protect special status plant species.

7. BLM 1062 Missouri Creek north will be used as a transit route to Utah only. Rally Colorado will provide a LOA or alternate Decision from the Vernal Field Office (VFO) yearly to the WRFO to use any transit roads in Utah
8. Permittee will update the BLM on any private transit access each year prior to event.

Mitigation Measures

1. All motorized vehicle travel is limited to existing roads and trails.
2. SRP holders should ensure all equipment and animals that may be carrying seeds are free from noxious weeds, seeds, and propagules before coming onto BLM lands.
3. Recreational activities that would result in surface disturbance or occupation in the mapped 100-year floodplain or areas within 500 feet from streams, springs, and wetland/riparian areas would not be permitted.
4. Any range improvement impacted from SRP activities will be restored to prior working condition when activities are completed.
5. Livestock grazing permittees will be notified by a BLM Rangeland Management Specialist if competitive events, commercial SRPs, or filming permits are proposed or authorized in their permitted grazing allotment.
6. The applicant is responsible for informing all persons who are associated with operations that they will be subject to prosecution for knowingly disturbing archaeological sites or for collecting artifacts. The operator will be held accountable for the conduct of employees, subcontractors, and guests in this regard.
7. Disclosure of information regarding the nature and location of any archaeological, historic and traditional cultural property without written approval by the BLM is prohibited under Section 9 "Confidentiality" of the Archaeological Resources Protection Act (ARPA; 16 U.S.C. 470hh), Section 304 of the National Historic Preservation Act (16 U.S.C. 470w-3).
8. If any archaeological materials are discovered as a result of operations under this authorization, activity in the vicinity of the discovery will cease, and the BLM WRFO Archaeologist will be notified immediately. Work may not resume at that location until approved by the AO. The applicant will make every effort to protect the site from further impacts including looting, erosion, or other human or natural damage until BLM determines a treatment approach, and the treatment is completed. Unless previously determined in treatment plans or agreements, BLM will evaluate the cultural resources and, in consultation with the State Historic Preservation Office (SHPO), select the appropriate mitigation option within 48 hours of the discovery. The applicant, under guidance of the BLM, will implement the mitigation in a timely manner. The process will

be fully documented in reports, site forms, maps, drawings, and photographs. The BLM will forward documentation to the SHPO for review and concurrence.

9. Pursuant to 43 CFR 10.4(g), the applicant must notify the AO, by telephone and written confirmation, immediately upon the discovery of human remains, funerary items, sacred objects, or objects of cultural patrimony. Further, pursuant to 43 CFR 10.4(c) and (d), the operator must stop activities in the vicinity of the discovery and protect it for 30 days or until notified to proceed by the AO.
10. The applicant is responsible for informing all persons who are associated with the recreational activity operations that they will be subject to prosecution for disturbing or collecting vertebrate or other scientifically important fossils, collecting large amounts of petrified wood (over 25lbs./day, up to 250lbs./year), or collecting fossils for commercial purposes on public lands. If any paleontological resources are discovered as a result of operations under this authorization, the permittee must immediately contact the appropriate BLM representative.

Disclosure of information regarding the nature and location of any paleontological property without written approval by the BLM is prohibited under "Confidentiality" of the Paleontological Resources Preservation Act (PRPA; Pl 111-011, Subtitle D, Section 6309 and 16 USC 470aaa et seq.).

Mitigation for Specific SRPs

11. Self-contained or pit type toilets/privies, with or without tent coverings, shall be used at all campsites on public land. The permittee will be responsible for establishing a latrine for all permitted camps and for final rehab when the camp is removed. Waste from self-contained toilets must be disposed of at a State approved sewage disposal facility. When abandoned, toilet pits shall be covered with a minimum of 12 inches of topsoil and back filled to pre-existing grade. While in use, human waste in pits shall be covered with a layer of topsoil or lime after each individual use. Additionally, non-biodegradable (all those containing plastic) personal sanitary product materials must be either burned with other combustible trash or disposed of (removed from site) with other trash and not buried on public land.
12. Camps and other permitted areas shall be regularly cleaned, and no trash or litter shall be allowed to accumulate.
13. The permittee/guide shall inform all staff and clients that wild horses are protected by Federal law and will prevent harassment of wild horses from permitted activities. Prohibited acts include but are not limited to: maliciously injuring or harassing a wild horse or burro; removing or attempting to remove a wild horse or burro from public lands; destroying a wild horse or burro; selling or attempting to sell a wild horse or burro; and commercially exploiting a wild horse or burro. Crimes are punishable by fine and/or imprisonment. Examples of violations might include harassment by ATV, injury or death by a bullet or arrow, and illegal capture.
 - a. All guides shall possess a map indicating boundary of the Piceance East Douglas Herd Management Area (HMA) as well as the Herd Areas (HAs).
 - b. The permittee will discourage the discharge of firearms within HMAs during the foaling season (March 1 - June 15) that is not directly associated with the permitted

commercial activity. For example, discourage target shooting or sighting in of firearms in these areas during this time when permitted for commercial mountain lion hunting.

- c. Stay at least 100 feet away from wild horses.
- d. Do not feed or try to attract any wild horse towards you.
- e. Keep dogs under control so they do not disturb or chase wild horses.
- f. Report sick, injured animals, or other violations against wild horses to the BLM.
- g. Do not bring sick or diseased animals into the HMA. Wild horses on the range are not vaccinated against diseases.
- h. Camps, within the HMA, shall be at least ¼ mile away from wild horse water sources.

14. Camp sites shall be located at least 330 feet (100 meters) away from known architectural features such as bush fences, wickiups or cabins to prevent or reduce removal of wood for campfires. Camp sites shall also be located at least 330 feet (100 meters) away from known rock art sites.

This permit is subject to all the standard permit Terms, Conditions and Stipulations. This permit was evaluated in DOI-BLM-CO-N050-2025-0035-DNA. A copy of this permit and additional stipulations, the Multi-year Operating Authorization, the Attached Map(s), and personal identification shall be carried by guides, employees, and representatives while operating on BLM Public Lands.

NO PERMISSION is granted or implied to use or cross private land within the area described by this description. Obtaining permission to cross private land is the responsibility of the permittee. NO PERMISSION is granted or implied to use or cross State of Colorado land, National Forest Land, or BLM land outside of the White River Field Office, without first obtaining a permit from that managing authority.

Trip Logs and Post Use Reports are due 30 days after last day of operations. Forms must be filed even if no use occurred.

This permit is contingent upon meeting the requirements for an Annual Operating Authorization and is not valid without an accompanying Annual Operating Authorization.

Mr Riebold or whom it may concern. Just reaching out to you regarding the 2026 Rally Colorado event in Rio Blanco county. Rupert reached out to me regarding an updated land use permission letter for you guys, 2026 .

The 2025 race went really well. We would like to give, "Rally Colorado permission to pass through and use the property as they need for the 2026 races".

Property is owned by Chris/Rebecca McDaniel. Located west of county rd 109 touching the Utah border.

Have talked with Rupert a good deal, he and his people have done a great job with the races , sounds like the event is getting a bit bigger this year. Pretty exciting for there to be a good motor sports event in north west Colorado . Thanks blm for approval.

If you have any questions or need other info send email or call me directly.

K.C. Heinrich 970 773 0202. McDaniel property manager. Thanks K.C.

Hello, Mr. Heinrich,

Thank you kindly for reaching out and acknowledging access permission for Rally Co. for their event this July. We anticipate their Special Recreation Permit will be issued timely.

Best,

San

Subject: [EXTERNAL] 2025 Rally land use permission letter

This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.

San Delana Riebold

Rupert Berrington of rally colorado reached out to us regarding permission to cross private property owned by Chris Mcdanial. Located north west of county road 109 in Rio Blanco county colorado. He said you required permission from us in written form for your records.

My name is K.C. Heinrich. I am the manager and agent of the land for all properties owned by Chris Mcdanial here in colorado. I spoke with Chris regarding the land use by the rally colorado guys and whoever else is associated with the 2025 rally event. We decided to give, "full access and permission through the property for anybody related to the rally event ". They are more than welcome to use the road to access the event for whatever need arises.

We would like to see the event go smoothly and safely for all those involved in the event. Hoping it's the best event of the year for them.

Thanks. K.C. Heinrich/ Chris Mcdanial.

P.S. Any questions ,please let me know so we can get them figured out before any deadline you have regarding rally colorado blm land use permit.

FIRE PREVENTION ORDER CONO5-2026-01

SUMMARY: Firefighter and public safety are the top priorities in wildfire management. Under authority of the Federal Land Policy and Management Act of 1976 (Title 43, United States Code, Section 1701, et. seq.) pursuant to Title 43, Code of Federal Regulations (CFR) 9212.2(a), the Bureau of Land Management White River Field Office is implementing Stage 1 fire restrictions for all WRFO administered public lands within the boundaries of Rio Blanco, Garfield, and Moffat counties beginning June 19, 2026 at 0001 hours.

RATIONALE: Federal Land Policy and Management Act of 1976 (Title 43, United States Code, Section 1701, et. seq.) pursuant to Title 43, Code of Federal Regulations (CFR) 9212.2(a). Under Stage 1 fire restrictions the following acts are prohibited:

- Building, maintaining, attending or using a fire or campfire except within agency-provided fire grates at developed recreation sites. Devices using gas, jellied petroleum, or pressurized liquid fuel are permitted.
- Smoking, except in an enclosed vehicle or building, a developed recreation site, or while stopped in an area at least three feet in diameter that is barren or cleared of all flammable materials.
- Operating a chainsaw without a USDA or SAE approved spark arrester properly installed and working, a chemical fire extinguisher of not less than 8 ounces capacity by weight, and one round point shovel with an overall length of at least 36 inches.
- Using a welder, either arc or gas, or operating acetylene or other torch with open flame, except in cleared areas of at least 10 feet in diameter with a chemical pressurized fire extinguisher of not less than 8 ounces capacity.
- Using exploding targets.

EXEMPTIONS:

1. This order does not apply to Federal, State, and local officers and employees in the performance of their official duties; members of organized rescue or firefighting forces in the performance of their official duties; and persons with written authorization from the Authorized Officer.

INTERIOR REGION 7 • UPPER COLORADO BASIN

COLORADO, NEW MEXICO, UTAH, WYOMING

2. This order does not apply to activities conducted under contract with the BLM, agency personnel monitoring the event, or activities conducted under an approved plan of operations. Authorized users must have in their possession a written permit or contract from the BLM, signed by the authorized officer.

LOCATION: All public lands within the administrative boundary of the White River Field Office. See attached map.

DATES: This order is effective June 19, 2026, 0001 hours and remains in effect until rescinded.

ENFORCEMENT AND PENALTIES: *Any person who violates the temporary closures or restrictions in this order may be tried before a United States magistrate and fined in accordance with [18 U.S.C. 3571](#), imprisoned no more than 12 months under [43 U.S.C. 1733\(a\)](#) and [43 CFR 8360.0-7](#), or both. In accordance with [43 CFR 8365.1-7](#), State or local officials may also impose penalties for violations of State law.*
