

Susquehannock Trail Performance Rally, 9-11 Jul 2026

DECISION 6

posted at: 14 Jul 2026 17:00

From: the Steward

Date: 14 Jul 2026

To: all Officials and Competitors

Time (decision): 10:29

Stewards Decision 5 requested that a Stewards Review be convened and the Competition Director concurred. The panel that will conduct that review will consist of Alan Perry, Andrew Frick, and Curt Faigle. It will review the event and investigate matters that the panel determines need a closer look, including the passage of Car 432 through TCs 14A and 14B, and Code of Conduct violations. The results of the investigation could change the posted Provisional results.

The results remain Provisional but the review period for the posted Provisional results has expired. No more inquiries will be accepted against them. One inquiry has been received, and it will be responded to.

After the inquiry has been responded to and the Stewards Review has been completed, there will be a period where that response can be protested as well as any changes made as a result of the Review appealed. Once that process is complete, the results will be Final.

A handwritten signature in black ink, appearing to read 'APerry', is positioned above the name of the signatory.

Alan Perry, Event Steward
