## Clarifications to Scrutineering Site Plan

Teams are not allowed to drop and leave trailers or vehicles at the scrutineering location without express permission from the Chief Scrutineer or their delegate. Permission will only be granted under extenuating circumstances for short periods of time.

JD Squared is an operational manufacturing facility with limited parking space; the entrance gate is locked outside of scrutineering time, and the unloading zone parking lot is shared with employees of JD Squared. See plan below for reference.

A handwritten signature in black ink, appearing to read 'Dave Matheson'.
