

Date:	29/09/2023	Time (decision):	15:00
Subject:	DECISION No.2	Document No.:	2.2
From:	The Stewards		
To:	Real Peña Motorista Vizcaya, Ainara Bidaurratzaga -Raquel Candador, car nr 26		
Number of pages: 2		Attachments:0 -	

The Stewards, having received a report from the Technical Delegate, have considered the following matter and determine the following:

Fact:

Car #26 (Real Peña Motorista Vizcaya, Ainara Bidaurratzaga -Raquel Candador) is not included in the FIA list of vehicles eligible to participate in FIA Eco Rally. In car #26 was installed the specific device approved by FIA in order to calculate the performance index, but the data received was in a format that is not compatible with the technical system.

Offence:

Breach of Article 2 of the 2023 FIA ecoRally Cup Sporting Regulations.

Decision:

Do not include car # 26 in the classifications of the FIA Eco Rally cup. Car #26 must be started in National competitions.

Reason:

Although car # 26 was not included in the last updated FIA list of vehicles eligible in the FIA Eco Rally, the Stewards allowed competitor # 26 to start in FIA competition subject to receive the data from the FIA device.

After the technical analysis of the possibilities to receive the said data during leg 1, the Technical Delegate reported that the data received from car # 26 was in a format that is not compatible with the technical system.

Having examined the report of the Technical Delegate, the Stewards conclude that the technicians can not receive the data in a proper format, therefore they cannot calculate consumption neither establish the FIA performance Index classification. In accordance with article 2 of the 2024 FIA Eco Rally cup sporting regulations, the Stewards decide do not include #26 in the classifications of the FIA competitions.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Article 9.1.1 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
