4.6.- Entry fee refunds

The entry fee shall be refunded in full:

- if the event does not take place
- to teams whose entry application is rejected

The organiser may partially refund entry fees, if a competitor cannot take part in the event due to a duly proved case of force majeure.

4.7.- Additional space in the Service Park

Service requirements form is available on the event website. Any competitor requiring more space and/or a different layout than included in the entry fee must submit his/her request together with the entry form before the entry closing date at the latest.

Additional m² of service space can only be booked for an additional fee of 20€ per m² + 21% IVA to be added and are subject to availability and organiser agreement.

Requests received after *Thursday 26 June 2025* will be charged with a doubled price and are subject to the availability and organiser agreement.

5.- Insurance Cover

- 5.1. The entry fee includes the insurance Premium for the following risks:
 - Compulsory to third parties liability under current Spanish regulations (Law 21/2007 of July 11).

- The payment of those sums for which participants may become civilly liable as a result of accidents or fires caused by vehicles taking part in the event, up to a maximum of 70.000.000 € per accident for personal injures and 15.000.000 € for material damages.

5.2. In the event of an accident, the entrant, or its representative, must give written notification to the Clerk of the Course or the Secretary as soon as possible and within a maximum of 24 hours.

This statement should set out the circumstances of the accident, damages, names and details of injured involved (if appropriate), as well as the names and addresses of witnesses.

- **5.3**. Competitors are reminded that only damage caused by the organizers and named drivers are covered by the Organization's insurance policy.
- **5.4.** Irrespective of this Third Party insurance, entrants and drivers are free to take out the policies they deem fit on their own account and at their own discretion.
- **5.5.** Service vehicles, including those displaying the plates supplied by the Organization, shall under no circumstances be deemed participating vehicles. They are therefore <u>not covered</u> by the Organization's insurance policy and responsibility for them lies solely with their owners.
- **5.6.** In case of accident, competitors and drivers exempt the event organizers from any liability and waive any right to bring claims against them.
- **5.7.** The insurance cover will come into effect from the administrative checking and scrutineering for the Event and end upon the expiry of one of the following time limits, whichever is the later:

17 .- Towing

According article 49.1.3 of 2025 FIA CCR Sporting Regulations crews with FIA groups vehicles still in competition may assist other crews at any time.

However, it is important to note that, according Spanish Traffic laws, be towed by another vehicle in open traffic road **IS FORBIDDEN**.

18 .- Drones

Unmanned Aerial Vehicles (UAV), commonly known as drones, operated by commercial entities may only be used at competition venues when permitted by, and operated according to, the civil aviation regulations and laws of the country in which the event is being held and the policies of the local ASN responsible for the event. The use of a recreational UAV is prohibited.

In any case, a UAV must never fly directly over any competition course or public area unless under the direct control of persons authorised by the event organisers or the Clerk of the Course, for safety or information purposes only.

19 .- Environmental policy

The compliance with the environmental and safety prescriptions will be carefully checked by officials. All competitors are required to ensure that all team members are aware of the environmental prescriptions.

Contemporary motorsport means that organiser and participants undertake all efforts to protect the environment - in particular water and soil.

<u>Cleaning of vehicle components</u>: The use of high-pressure cleaners or water hoses for cleaning purposes is prohibited at all locations in the area of the service park.

Coccepio Superior de Desortes

octagon

Washing cars within the Service Park is prohibited at any time. Any infringement will result in a fine of €500 per each incidence, notified to the Competitor by the Clerk of the Course.

A sufficiently large plastic ground sheet must be used under the competition car whenever service works are carried out on the car. The ground sheet must be sufficiently strong and tear-resistant, have no damages and be tight, i.e. impervious to oil, fuel, cooling and brake liquids as well as to battery acid. If several sheets are connected, this connection must be made of adhesive tape which is leak-tight, impervious and tear-resistant to the aforementioned substances or an overlap of the sheets of at least 50 cm must be ensured.

Any residues such as water, oil, fuel, any other liquids, dirt and similar must be collected from the ground sheets, <u>the use</u> <u>of wet vacuum cleaners is recommended</u>, and be disposed environmentally-friendly (e.g. into the containers provided by the organiser).

Competitors are required to ensure that no substances hazardous to water pass over the edge of the ground sheet and into the ground, even in the case of rain.

The service crews must be in possession of oil absorbing materials and have available a container for used oil and brake fluid at any time during the event.

Any pollution of the environment must be avoided. Any waste, wrapping material, spare parts, empty oil or colour tins, batteries, etc. must be collected and given to a waste disposal by the competitors themselves. Used oil must be collected and brought to the containers made available in the service park for this purpose.

Containers with substances hazardous to water such as oil, fuel, cooling and brake liquids, chemical substances or cleaning agents must not contain more than 20 liters per unit. No more than 100 liters of the above substances may be stored inside a vehicle if no safety devices such as collecting tray are provided.

Any such empty containers must be disposed at the collection points for hazardous goods inside the service park

To enable a smooth operation of the rescue teams in case of an accident, all containers with liquid and nonliquid chemicals (e.g. cleaning agents) must carry labels which clearly identify their contents.

Smoking is forbidden at a distance of less than 10 m from containers with inflammable contents (e.g. fuel for generators), even if the containers have been emptied. A solid barrier must be provided between the storage area of any such containers and eventual spectator areas before, during and after their use.

The ban to impair the environment, e.g. water, soil and biotope, is also regulated in the national environmental and criminal law.

All infringements will be reported to the Stewards.
