

2026 Sno*Drift Rally

Bulletin # 4

2/4/2026

The following has not yet been approved by the Stewards, who are traveling, but I wanted to get this out there before recce.

Item 1 – The Standing Start Location on SS 2/6 has moved by 0.03 miles (to a much better location thanks to logging!). Deduct 0.03 miles from the overall mileage and from the first incremental mileage in SS 2 and SS 6.

Item 2 – Remove Instructions 2 and 3, the VC Start and End, from SS 3 and SS 7.

Item 3 – In SS 4 and SS 8, change the mileage on Instruction 19 to 7.90. The new GPS coordinates are 45.007039, -84.28089. The sign is in the correct position.
