

2026 Sno*Drift - Recommended Timing Apps for Finish Controls

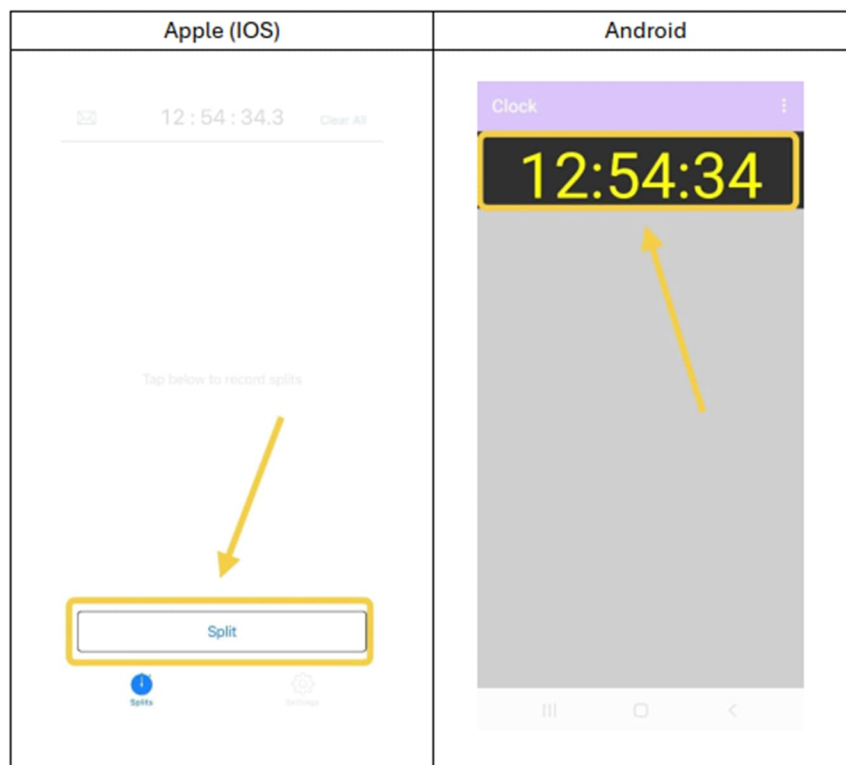

The 2026 Sno*Drift event will not be supplying physical timing clocks. For timing of the Flying Finish (Finish Line), GPS Clock apps are recommended for use by timing volunteers. Below are several recommendations for GPS Clock apps that can be used, that allow sequential timing of finish times. *Apps must be able to log actual finish time down to the tenth of second as vehicles cross the finish line to track backup finish times, and without needing entry of car numbers. Vehicles will cross finish line quickly (possibly multiple) and there likely will not be time to enter car numbers.*

The Clock app will need to be downloaded on your device (preferably at Pickup Point or in town, once placed on stage service will be limited). Please ensure that your device is well charged, and if possible, have a backup source of power for it (cold weather drains batteries faster).

- ***FREE* - RaceTec Toolkit**
 - o **ANDROID Play Store Link:**
https://play.google.com/store/apps/details?id=net.RaceTec.Toolkit&pcampaign_id=web_share
 - o **APPLE App Store Link:**
<https://apps.apple.com/us/app/racetec-toolkit/id1534572626>
 - o Open App, select Manual Timing
 - o Click the GREEN time icon to log times, multiple times can be logged by tapping multiple. Number entry is NOT needed to log times, it can be used optionally (keep track of car numbers in paper log).
 - o Logs can be cleared by selecting the settings icon

- ***PAID* - Richta Clock (Apple: Richta Checkpoint Clock, Android: Road Rally Checkpoint Clock)**
 - **ANDROID Play Store Link:**
https://play.google.com/store/apps/details?id=com.Richta.CheckpointClock&pcampaignid=web_share
 - **APPLE App Store Link:**
<https://apps.apple.com/us/app/checkpoint-clock/id549741037>
 - Change settings on app to display type to Tenth of second (Apple: Settings in bottom right, Android: Preferences in top right)
 - Change settings to DISABLE prompt for car number on split, there is not enough time to enter car number for every finish time log
 - As vehicles cross finish line, click the Split button to log times
