Dear Sam,

RE: Argyll Rally 2026
19th - 20th June 2026
Permit No.: 205348

Thank you for your application, in accordance with NCR Chapter 13, Appendix 12 Article 3.26, to run 30 second starts. This is authorised for all stages and your stage diagrams are approved, this also includes for 30 second starts.

Notwithstanding the provisions contained in NCR Chapter 13, Appendix 2, Articles 4.28-29, at all venues issued with a Motorsport UK Track Licence ALL non-competing vehicles MUST be parked behind the circuit safety barriers during the normal running of a special stage. At all other venues the 30m provision in NCR Chapter 13, Appendix 2, Article 4.28 is the MINIMUM distance that a non-competing vehicle may be located from the edge of the stage. The nature of the stage, weather conditions etc, must be taken into consideration and the distance that non-competing vehicles are stationed from the edge of the stage increased accordingly.

Permission is granted to run all stages at an average speed of 80mph, as per NCR Chapter 13, Appendix 12, Article 3.44, and to use a chicane of an alternative design to that stated in NCR Chapter 13 Appendix 12 Article 5.2 as shown on the attached diagram.

The granting of this permission does not preclude the right of the Motorsport UK Safety Delegate (if present) the Motorsport UK Steward or Event Stewards where no Motorsport UK Steward is appointed from requesting alterations on the grounds of safety.

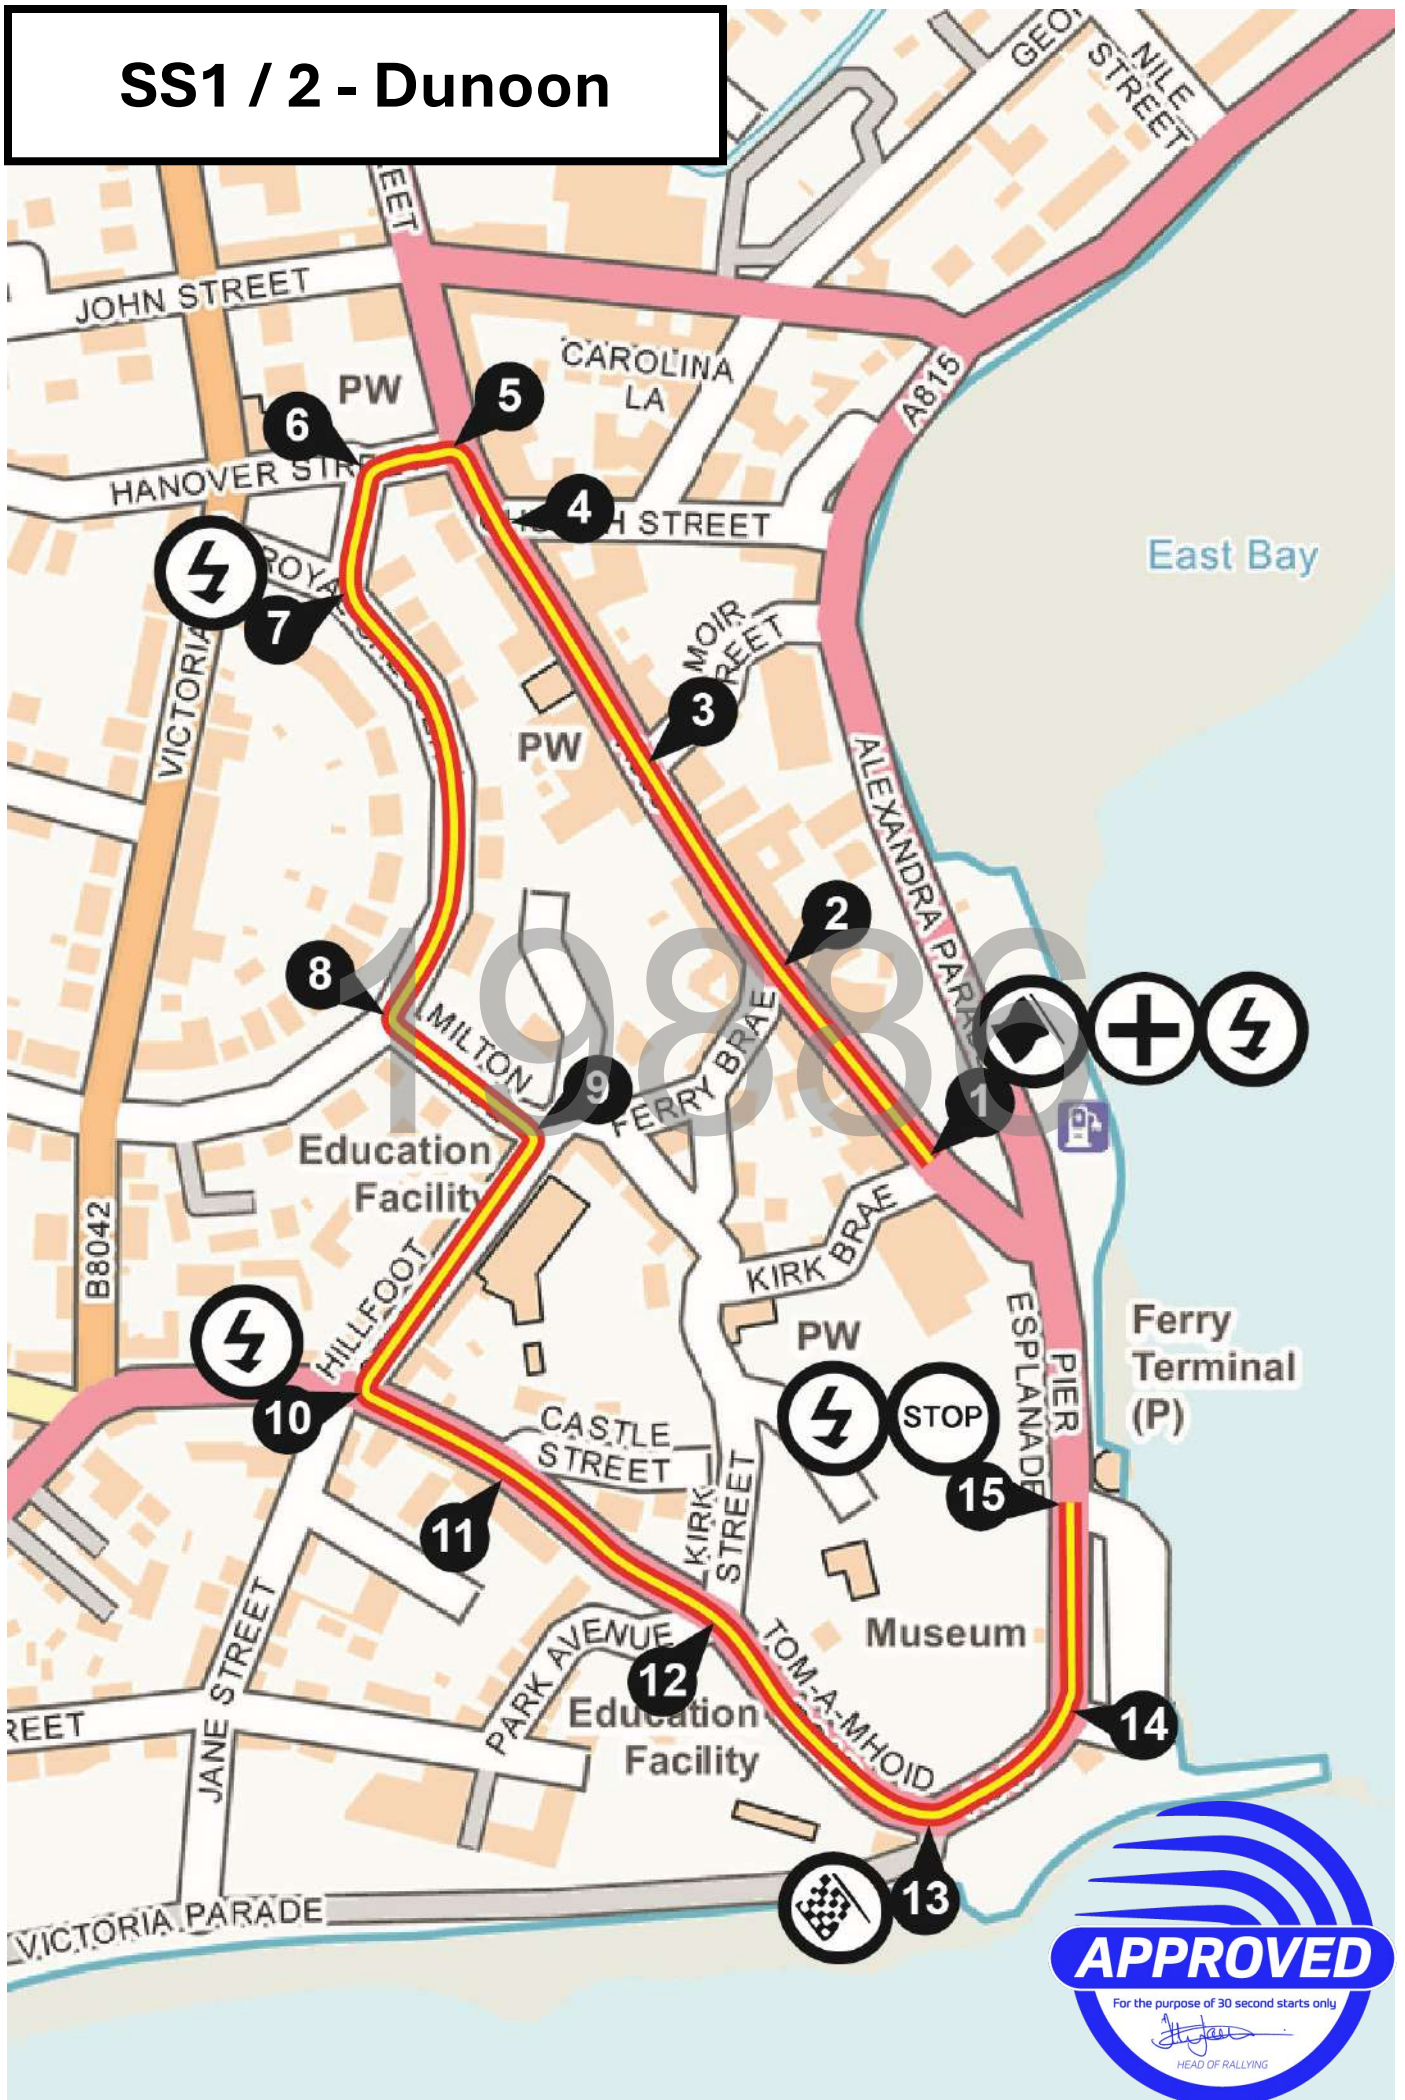

Please ensure that this letter and the stamped diagrams are shown to the Steward before the start. Only documents bearing the correct reference number and stamps shall be deemed to be valid.

Yours sincerely

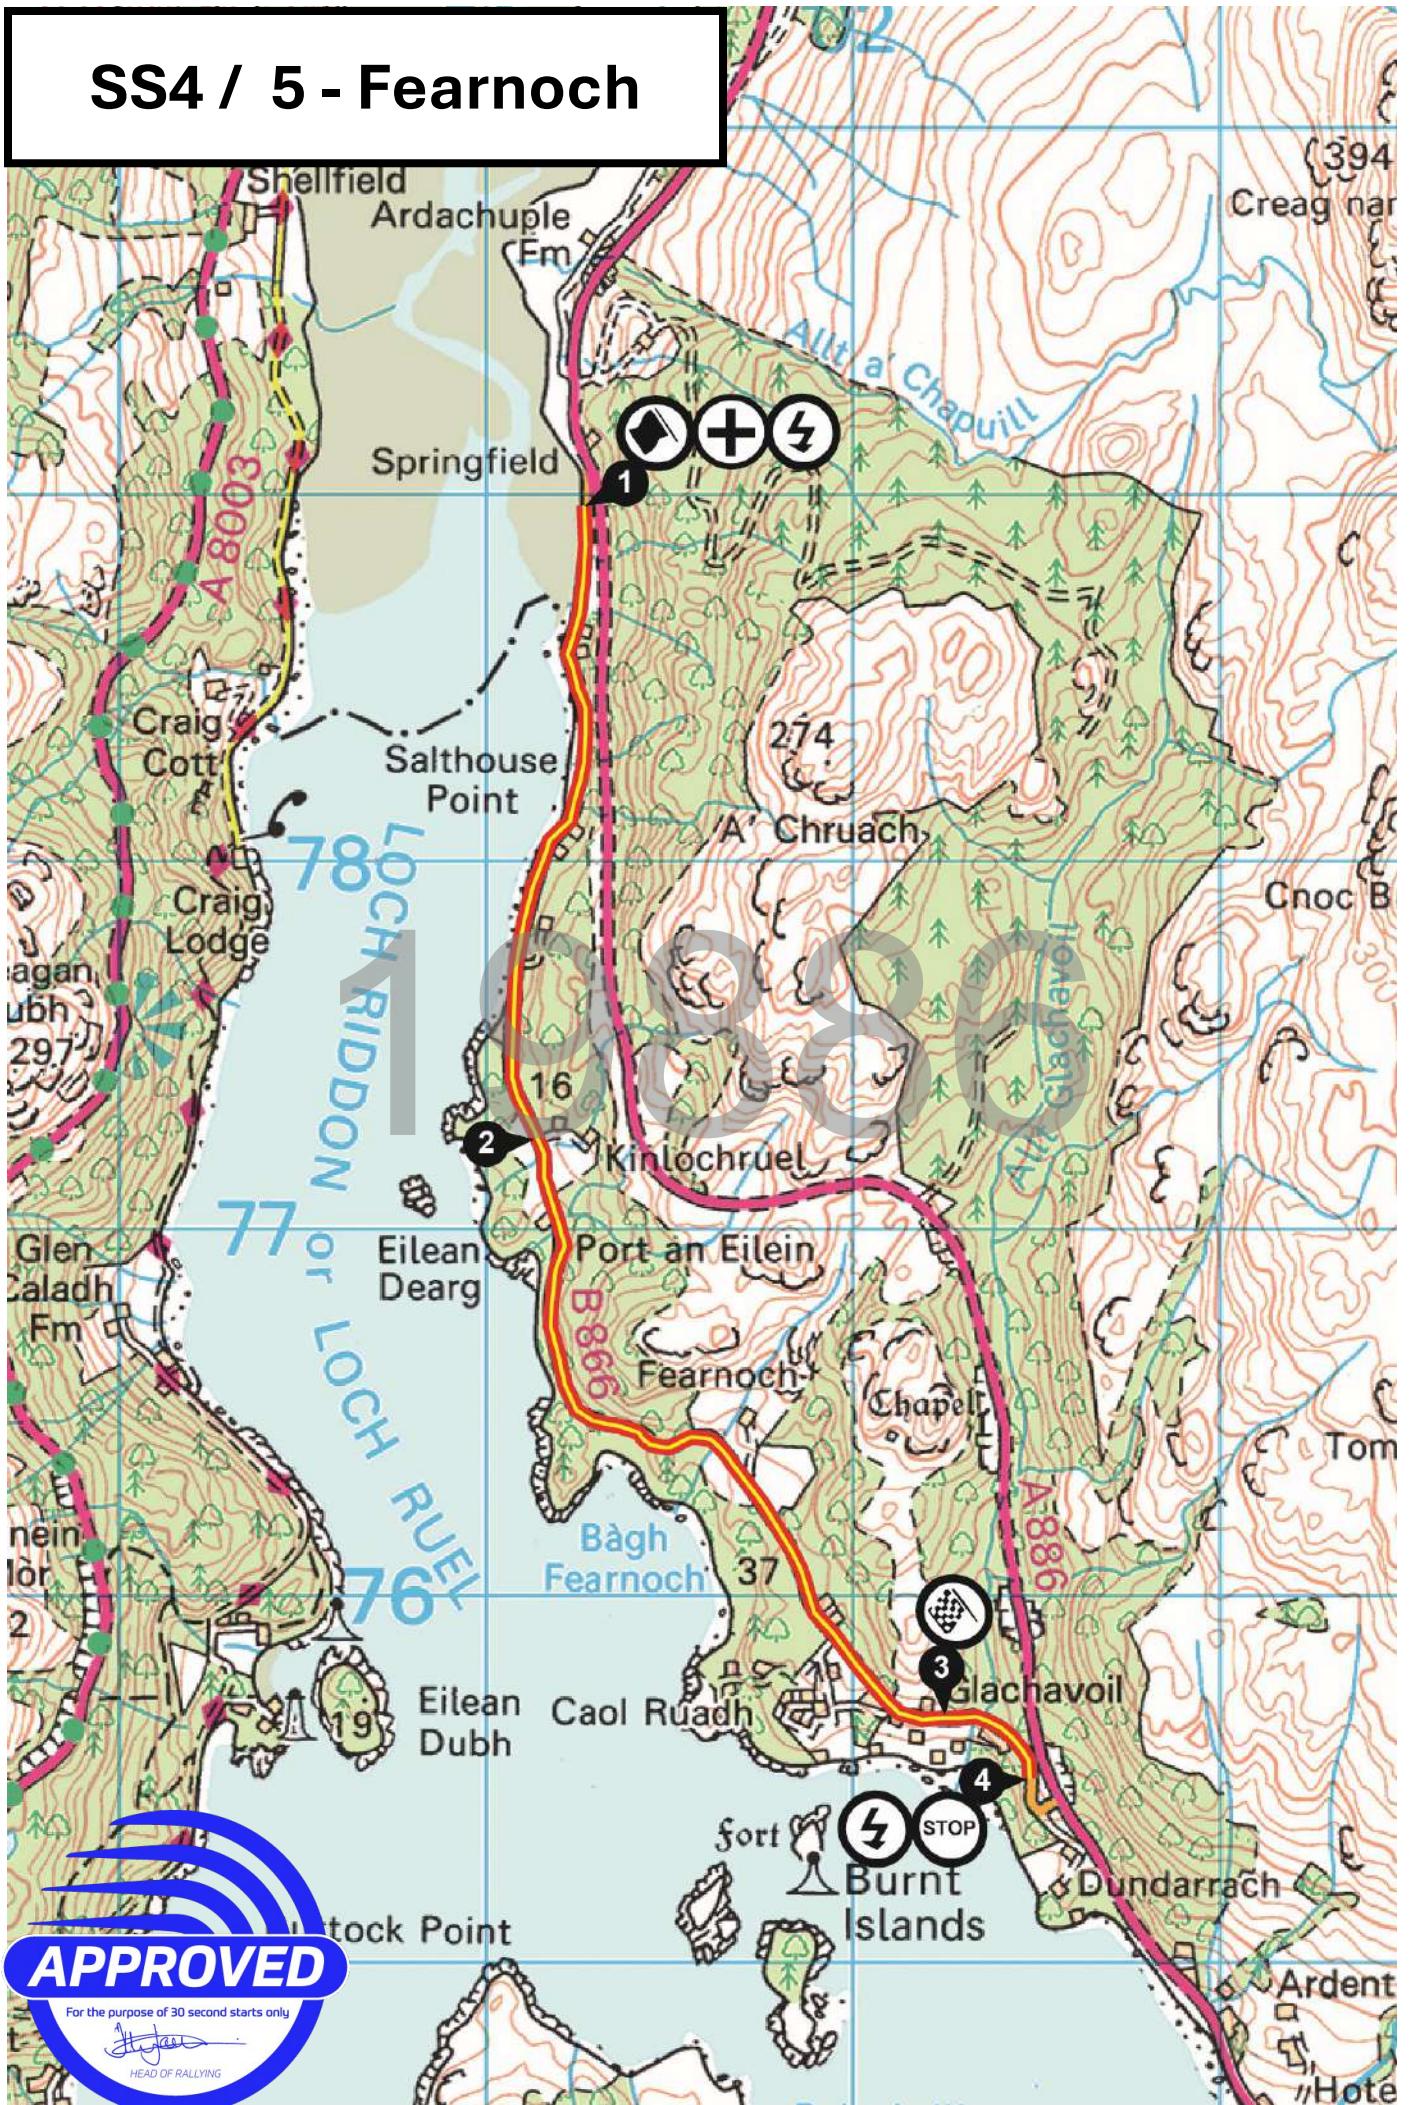

JONATHAN JACKSON

Dear Jonathan,

On behalf of Mull Car Club I would like to apply for authorisation for a chicane of alternative design to that listed in NCR 13.12.5.2, on the 2026 Dunoon Presents Argyll Rally, to be held on the 19th and 20th June 2026, event permit number 205348.

The details, as per NCR 13.12.5.4, are as follows:

- (a) **Location:** SS10 / SS15 – Glendaruel, Post 3, 56.030824, -5.214451 / folks.weeks.rescuer
- (b) **Number of elements:** 3
- (c) **Construction method:** Straw bales
- (d) **Reason for application:** There is only a distance of approximately 22m at this location to have a chicane, therefore there is insufficient space to accommodate a four element chicane as per NCR 13.23.Drawing 4 / NCR 13.12.5.2

Kind regards,

Sam Spencer
