

NATIONAL ROAD BOOK

JDS MACHINERY RALI CEREDIGION NATIONAL RALLY

Incident on a Special Stage

In the event of an incident on a special stage, crews must follow the procedures below.

• Accident requiring urgent medical attention

- Activate the SOS switch on the emergency console/Tracking System as soon as possible.
- Where possible, immediately display the red "SOS" sign to following cars and to any helicopter attempting to assist.
- As soon as possible, place the red reflective triangle in a visible position on the same side of the road as the car, at least 50 metres before the car's position, to warn following drivers, even if the car is off the road.

• Response by following crews

- Any crew shown the red "SOS" sign, or any crew that sees a car that has suffered an accident where the OK sign is not displayed, must stop immediately and without exception to render assistance.
- All following cars must also stop.
- The second car at the scene must proceed to inform the next radio point.
- Subsequent cars must leave a clear route for emergency vehicles.
- All crews stopped under this procedure will be allocated a time in accordance with Art. 52.

• Incident where urgent medical attention is not required

- If immediate medical intervention is not required, or if a car stops on or beside a special stage for any other reason, whether temporarily or permanently, activate the OK switch on the emergency console within one minute, where applicable.
- Immediately display the green "OK" sign to following cars and to any helicopter attempting to assist.
- If the crew leaves the vehicle, display the "OK" sign so that it is clearly visible to all following crews.
- A crew member must place the red triangle in a conspicuous position on the same side of the road as the car, at least 50 metres before the car's position, to warn following drivers, even if the car is off the road.

• If the OK/SOS board cannot be displayed

- If, for any reason, the OK/SOS board cannot be displayed, the crew may use clear and easily understood signals from outside the car.
- An arm and thumb raised indicates "OK".
- Crossed arms above the head indicate "SOS".

• Failure to comply

- Any crew that is able to comply but fails to follow these rules will be reported by the Clerk of the Course to the Stewards.

• Retirement from the rally

- Any crew retiring from the rally must report their final retirement to the organisers as soon as possible and hand in their timecard to the nearest control point as soon as possible.

Event emergency phone number

+44 7508 869010

First Competitor on Scene at an Incident

- If you are the first competitor to arrive at the scene of an incident, your priority is to protect life, avoid further danger, and ensure that professional help can reach the scene as quickly as possible.

If the competitor is still in the vehicle and the vehicle is on fire

- **If it is safe to do so, get them out immediately.** Do not put yourself or others at unnecessary risk.

If the competitor is still in the vehicle, responsive, and there is no risk of fire

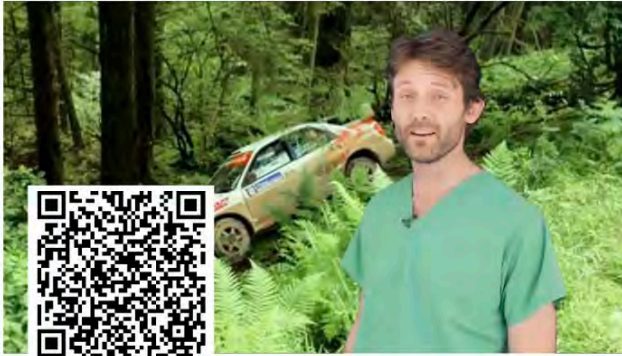

- Approach from the front and make eye contact.
- Check whether they appear aware of their surroundings.
- Speak to them and ask their name. Confirm whether they respond appropriately.
- Ask whether they have any pain or loss of feeling. If they do, keep them where they are.
- Keep them calm and continue talking to them.
- **Do not move them until professional help arrives.**
- Do not attempt any further intervention unless required to protect life.

If the competitor is still in the vehicle, unresponsive, and there is no risk of fire

- Stop any life-threatening bleeding by applying direct pressure or plugging the wound.
- Ensure that the airway is open.
- Immobilise the head and cervical spine/neck.
- Check whether they are breathing.
- Treat any non-life-threatening bleeding.
- **Do not remove their helmet unless there is no other way to ensure an open airway.**

If the competitor is out of the vehicle

- Do not grab hold of them, as they may be confused or unaware of what is happening.
- Guide them to a place of safety away from the incident and other competitors.
- Speak to them and ask whether they are OK.
- ~~Keep someone with them at all times.~~
- Once they are in a safe place, assess them for injuries.
- Check whether they are aware of their surroundings.
- Look for signs of injury and ask whether they are experiencing pain.
- **Do not allow them to wander around. Keep them under observation.**

Dr Ben Shippey talks us through the first on the scene video for all rally competitors. Scan the QR code on your phone and take 5 minutes and watch the YouTube video.

Learn CPR in 15 minutes for free with RevivR™

Many of us will witness a cardiac arrest in our lifetime. Be ready for that day with RevivR, a fast, free and easy-to-use online training course.

2026 Rali Ceredigion
INCIDENT REPORT FORM

I have not been involved in any accident, incident nor caused any damage or injury to persons, property or animals during this event:

Signed:

Date

Car No:

OR - alternatively complete the form below:

Name of Driver:

Vehicle Registration No:

Date:

Time:

Location:

Details of any other party involved:

Name:

Address:

Details of any independent witness:

Name:

Address:

Description of Incident:

Nature of any injuries:

Nature of any property damage:

Lodged by:

Name

Address

Time

Date

Received by (Official)

2026 Rali Ceredigion

ENQUIRY FORM

Note:

This form should be handed to the Competitor Liaison Officer at Rally Headquarters.

Car No:

This enquiry relates to:

Special Stage No: OR Liaison to Time Control:

Nature of enquiry:

Name of person lodging enquiry:

Signature:

Date:

Time:

ACTION

Name of official:

Title:

Signature:

Date:

Time:
