## 1. Rally Plates

Rally plates can be collected from The Gallery, Main Street, Tobermory, PA75 6NT ([///caravans.crusted.handbook](http://caravans.crusted.handbook)) as follows.

Thursday 10 <sup>th</sup> Oct	13.00 – 18.00
Friday 11 <sup>th</sup> Oct	09.30 – 14.30

These must be affixed to cars prior to presentation at Sound Test.

## 2. Sound Test & Scrutineering Arrangements

There will be two sessions of Sound Test & Scrutineering

Thursday 10 <sup>th</sup> Oct	13.00 – 18.00
Friday 11 <sup>th</sup> Oct	09.30 – 14.30

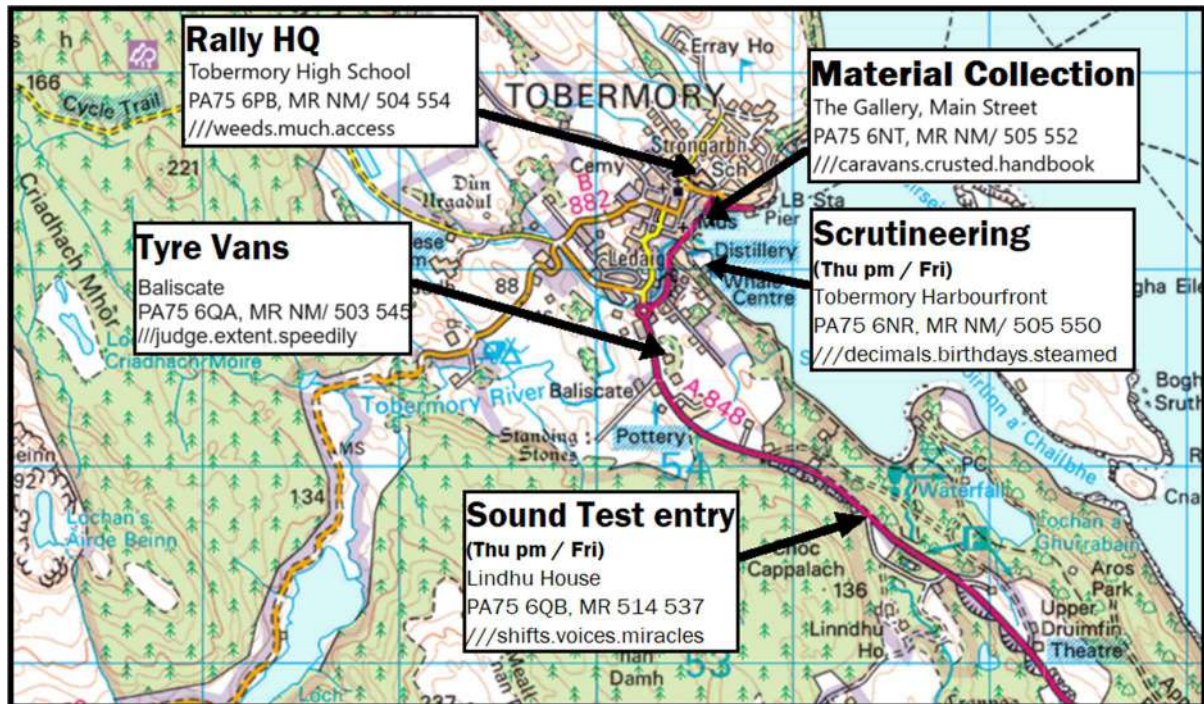

The process for both sessions is the same:

Cars should report to the Sound Test Location at Lindhu House Road at their allocated time on the scrutineering schedule in Bulletin No1. Enter the Lindhu House Road at the **north end** at MR 514 537 ([///cling.parading.succeed](http://cling.parading.succeed)).

Following Sound Test cars will be held before rejoining the main road by marshals, and sent in batches to scrutineering.

Once at Tobermory Harbourfront, follow marshals' instructions for scrutineering.

## 3. Tobermory Locations

## 4. Tyre Vans

Tyre vans will be located at Baliscate (///judge.extent.speedily, MR 503 545) from Thursday Morning to Saturday. Tyres South Shore & Wheels Around have advised they may relocate to Craignure (likely CalMac bus lanes and/or Craignure Village Hall) for Services A & C.

Competitors should contact their individual suppliers for arrangements.

## 5. Ledaig Car Park

Ledaig Car Park in Tobermory, including the area in front of the distillery, is out of bounds for all service vehicles from 12.00 noon on Thursday 10th Oct until 09.00 Saturday 12th Oct.

## 6. Rally Start

Please note that, to manage the flow of traffic in Ledaig Car Park on Friday evening, **TC0** will this year again be at **Baliscate** in the south of Tobermory (///parting.reservoir.events, MR 503 546).

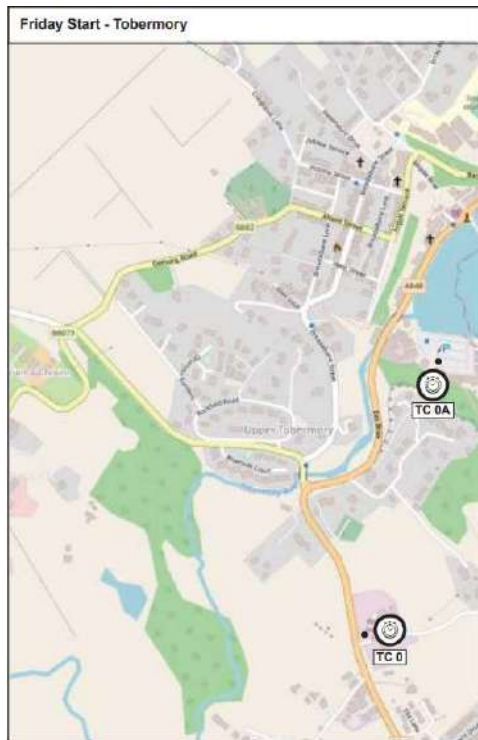

Please do not arrive more than 30 minutes before your due start time, as there isn't enough room for everybody, but please do allow a few minutes for your Safety Tracking System to be installed by Sporttraxx. From TC0, you will then have 15 minutes to proceed down Eas Brae to TCOA at Ledaig.

When you arrive at Ledaig for the ceremonial start, TCOA, follow the marshals' instructions to the holding area on the gravel at the shore side.

## Installation Instructions For Spottraxx Tracking Devices

The device must be fitted in the centre of the dashboard accessible to both Driver and Co-Driver.

The cradles supplied will fit any Spottraxx device and must be securely fitted to the dashboard.

Cradles not fitted correctly will need to be corrected before passing scrutineering.

This is how the device is fitted correctly. Centre of the dash with the front of the device facing Driver and Co-Driver, able to see the red flag and function buttons. The antenna is within view of the windscreen giving optimum connection.

These devices are **NOT** fitted correctly for many reasons.

1. Driver or Co-Driver can't see the front of the device.
2. Antenna pointing downwards into the car and not at the sky affecting the connection.
3. Device is situated among other electrical equipment which can hamper the connection.
4. The led lights can **NOT** be seen so if a Red Flag was issued no chance to see it and penalties will be applied if the Red Flag request isn't acknowledged.

## How to use the Sporttraxx FIA/22 Rally Tracker

### Collection of mounting kit

The mounting kit and the installation instructions will be provided at scrutineering. The competitor must install the cradle before the technical scrutineering, strictly following the provided instructions. There is no need for any power supply cable nor installation of antennas.

Do not hesitate in contacting Sporttraxx for any question.

### Tracker delivery

The tracker will be installed in the rally car by a Sporttraxx technician before the first time control. In case the installation of the cradle is not respecting the provided guidelines and the location of the tracker is technically not suitable for its correct functioning, the Sporttraxx technician will inform the competitor who will have to follow the given prescriptions.

### Tracker always ON

The tracker will be provided in ON status. Any attempt of turning it OFF or tampering with the device, is transmitted to Race control, logged in the tracker and will be reported to the Stewards.

The internal batteries will last for the duration of the race.

## On special stage

### Crash or Stop

- Press and hold  till beep in case urgent medical intervention is needed
- Press and hold  till beep in case of fire on board
- Press and hold  till beep to report a dangerous situation or a road block
- Press and hold  till beep to report you are OK and do not need any special assistance

### Multiple information

You can send more than one message, in a sequence based on importance. Examples:

- You stopped, you send  but also  as your car is an obstacle for the following competitors
- You crashed, you need medical help  and you have also a fire problem 

## Acknowledgement

Few seconds after the transmission of a message, and the green LED bar confirm the message has been received in race control.

Missing this acknowledgement, please repeat again the procedure.

## Red Flag
