Lamborghini Super Trofeo North America 13-17/11/2023

DECISION 1

From: the Stewards
To: Ansa Motorsport

Date: 15/11/2023
Time: 09:35

The Stewards, having received a report from the Technical Delegate, summoned and heard from the team manager of Competitor 124, have considered the following matter and determine the following

Competitor: Ansa Motorsport

Session: Initial technical scrutineering

Fact: Vehicle No. 124 is declared by the Technical Delegate as non-compliant as the fuel cell homologation expired on October 2022.

Offence: Breach of article 253-14 of 2023 FIA ISC Appendix J Regulations

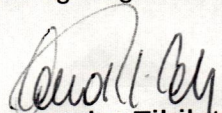

Decision: Vehicle No.124 is **not** allowed to start Round 6th of the Lamborghini Super Trofeo North America as per Art. 210.3 III, art. 216 bis d) of 2023 ACI Sport RSN Regulations.

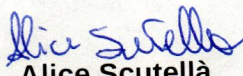

Reason: The Stewards summoned and heard Competitor No.124, which recognized the fact and presented to the Stewards an email sent by the company ATL, that declare that the fuel bladder may be within its potential lifetime, but cannot confirm that without inspection.

In addition to that, Article 253-14 of the Appendix J of the 2023 FIA ISC states clearly that "No bladder may be used more than 5 years after the date of manufacture, unless inspected and recertified by the manufacturer for a period of up to another two years", and since, the fuel bladder of car 124 has not been recertified by the manufacturer and there is no way to prove that its potential life can be extended, the fuel bladder cannot be deemed as safe.

The Stewards, therefore, having discussed the matter extensively, decide not to allow Car 124 to participate to Round 6th of Lamborghini Super Trofeo North America for safety reasons.

The Competitor is reminded of his right of appeal (Article 15 of the 2023 FIA International Sporting Code) except where denotes a penalty which is not susceptible to appeal (Article 12.3.4 of the 2023 FIA International Sporting Code and specific 2023 Lamborghini Super Trofeo Europe Sporting Regulations).
