All event operations will run on New South Wales time (AEDT).

Queensland competitors are reminded to adjust their clocks accordingly to ensure they are on the correct event time.

CONTROL PROCEDURES

The Rallysprint will operate a little differently from other rally formats, so please read this carefully to ensure you understand the control process for the **2025 Tyres & More Hemmant Working Dog Rallysprint**. Competitor Timecards and Official Start/Finish Control Cards will be used to record times manually during the event. IT IS IMPORTANT that all times and information are filled out correctly, and it is up to the teams to check and ensure the times recorded by the Officials match what is recorded on their Competitor Timecard.

1. Stage Start Times

The itinerary lists the provisional start times for each stage. This is not a booking-in time, it is the expected time the cars will start the stage. The cars will start at 1-minute intervals.

2. No Start Control Check-In

There is no control to book into at the start of each stage. Instead, competitors will assemble in designated areas before each run:

- A staging area before the forward direction stages (Woodworths Stages). See Page 4 for the staging area diagram.
- A stage regroup area which is located at the end of the forward direction (Woodworths stages). All cars will regroup in this area before starting the return direction stages (Worthwood Stages). See Page 5 for the stage regroup area diagram.

3. Arrival at the Staging Area

Competitors are expected to be in the staging area at least 10 minutes before their provisional start time.

4. Allocation of Actual Start Times

While in the staging or stage regroup area, an official will provide your crew with your actual start time. This time will be based on the running order and any delays or adjustments necessary to maintain safe spacing between cars.

5. Starting the Stage

Once your actual start time has been issued:

- Proceed to the start line when instructed by the start control official.
- You will start the stage precisely on your allocated actual start time.

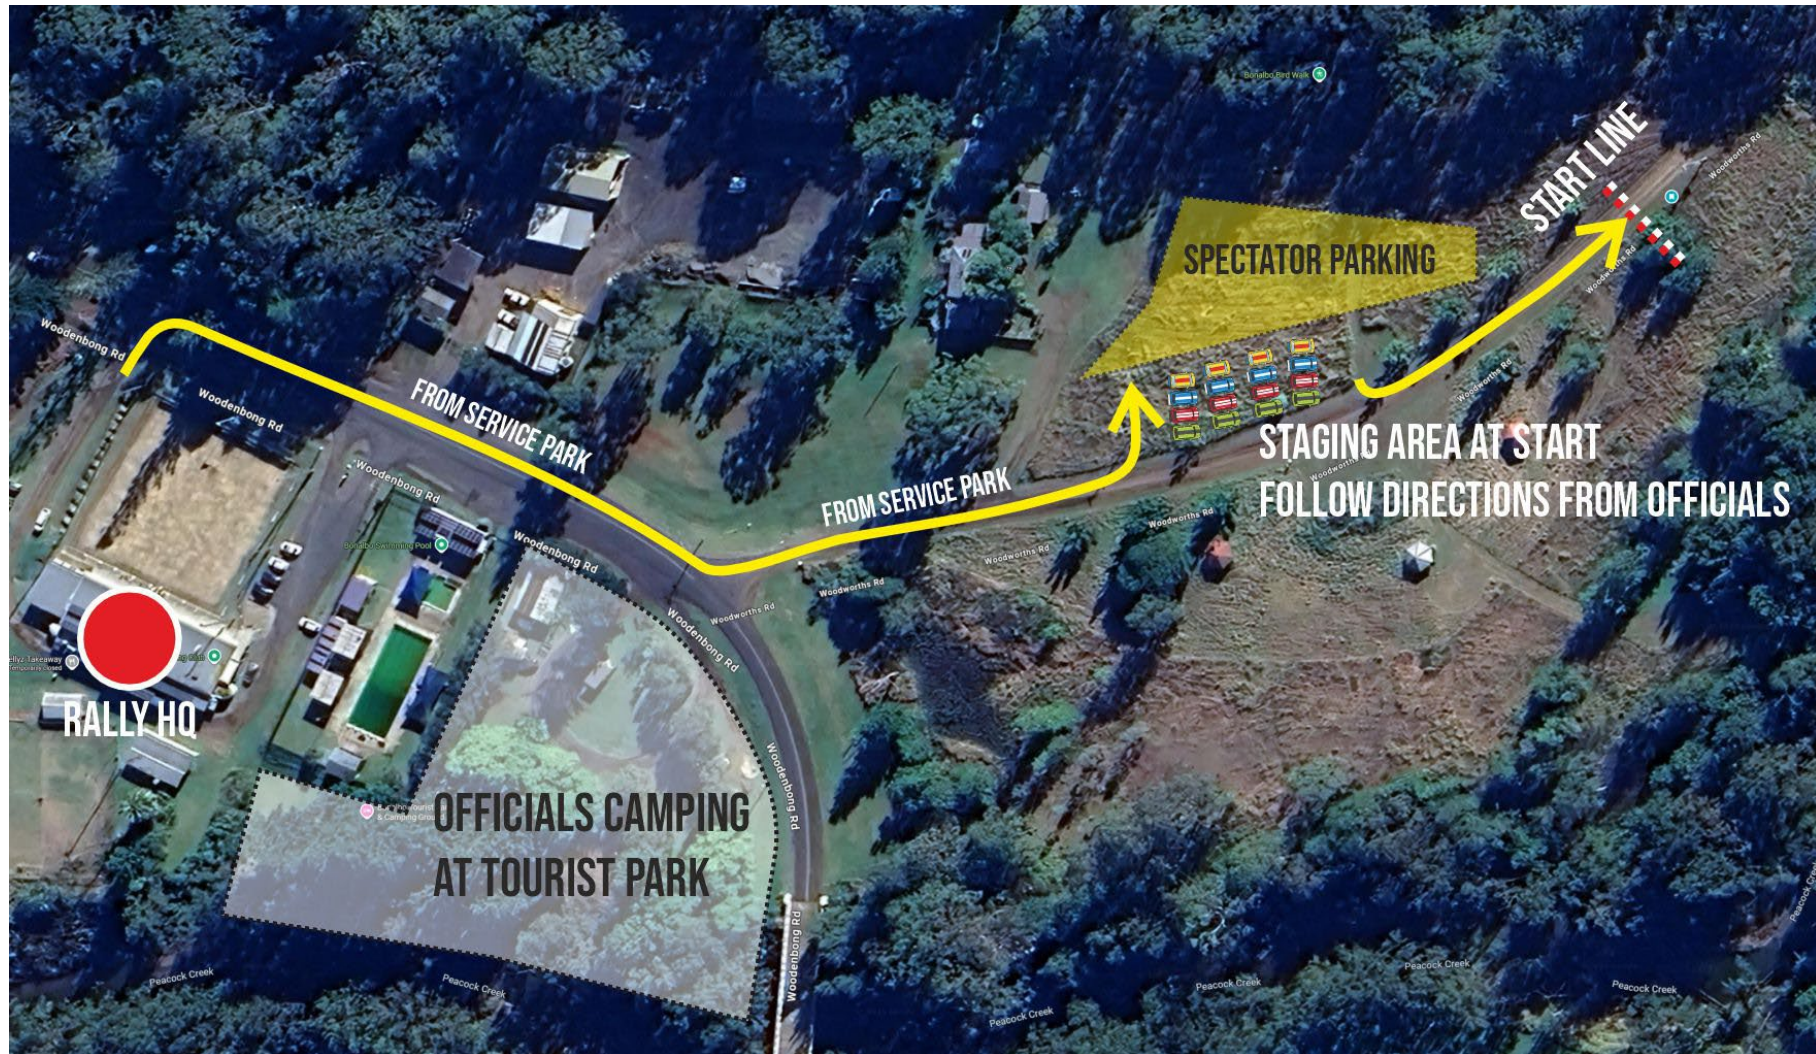

6. Stage Regroup Turn-around

When you get to the end of the forward stage, follow the directions of officials to park in the re-group area ready for the return run. Whilst you wait:

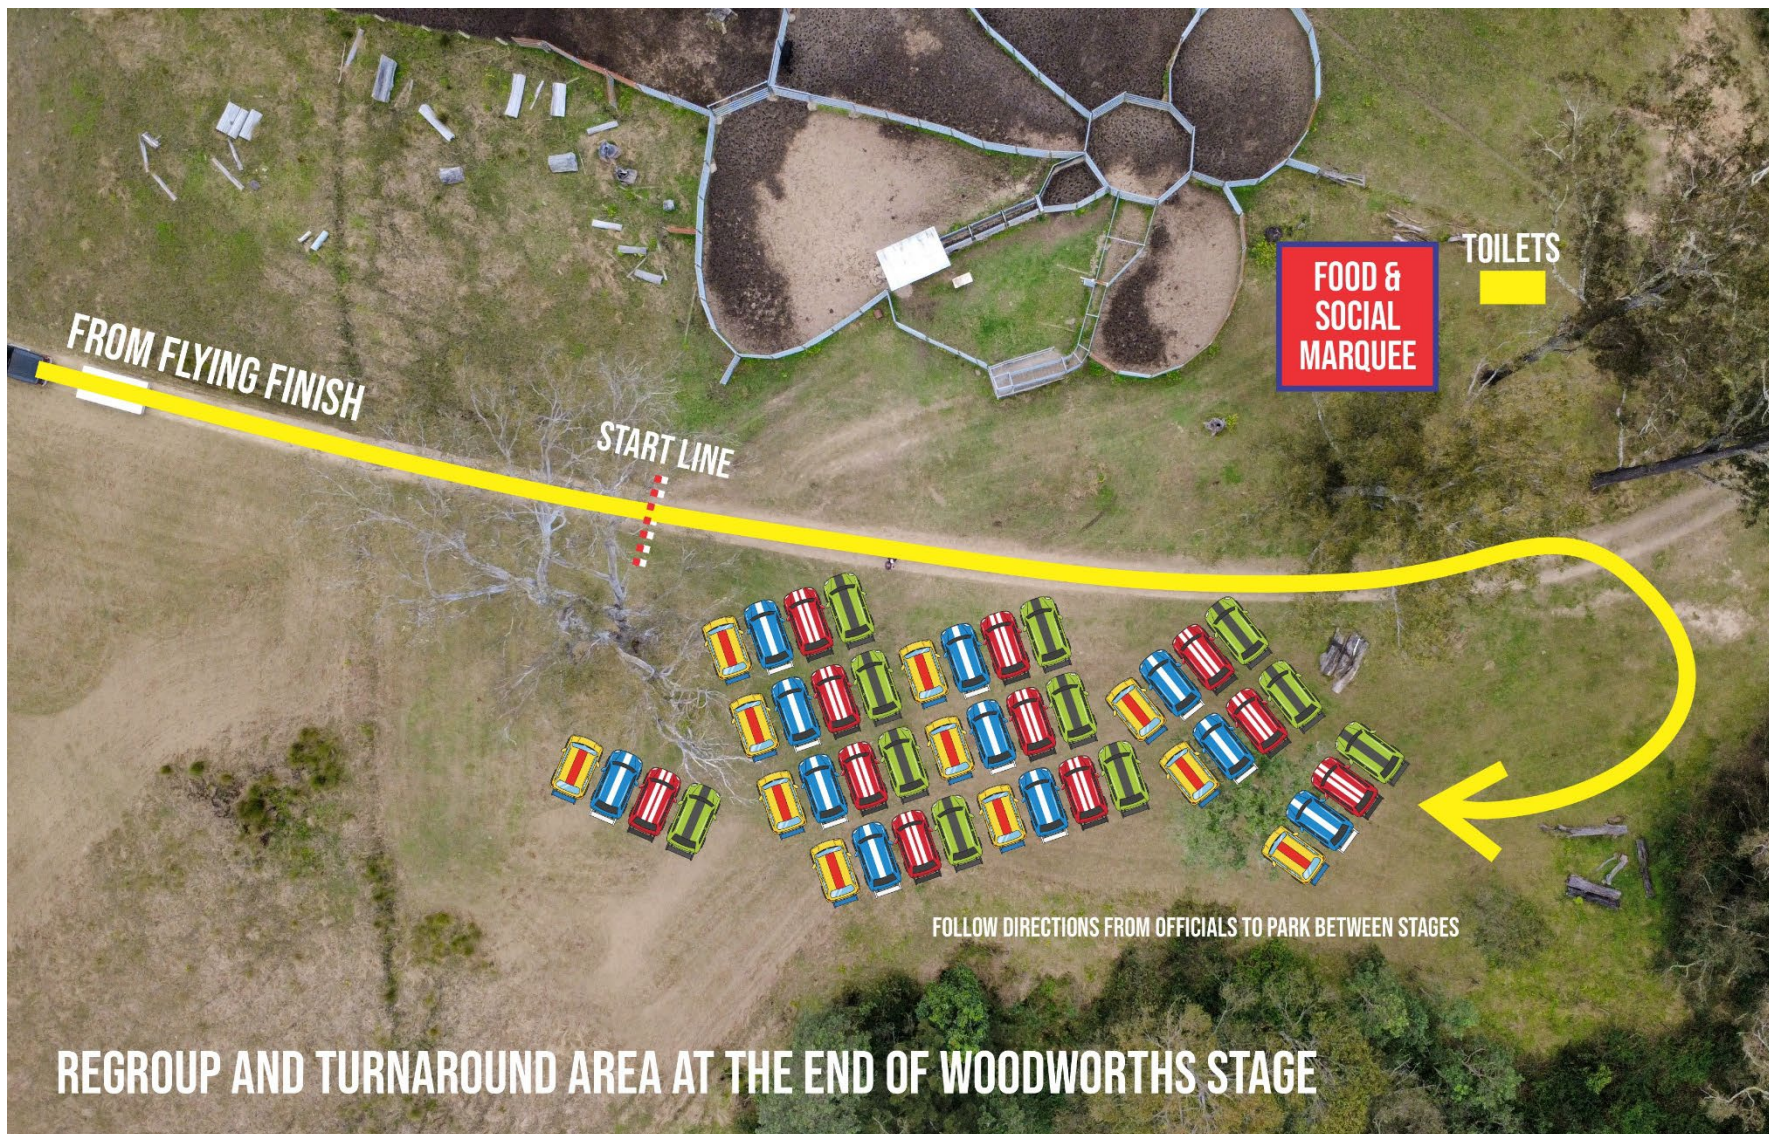

- Visit the Social Area with shade and chairs and relax and watch the livestream on the TV
- Toilets will be near the BBQ area
- Free food and drink in the BBQ Area
- If you need to work on your car, you can use any tools you have with you (or can borrow) to complete any repairs etc. There is NO PUBLIC OR SERVICE CREW ACCESS to the stage regroup/turnaround area.
- Phone reception is available at the turn-around point (Telstra and Vodafone)

Please always remain alert to official instructions. This will ensure smooth, safe, and efficient stage turnover for all crews. Any cars that fail to finish the stage will be towed out by recovery once ALL cars have completed the stage.

A Staging Area will be located before the start line on the left-hand side of Woodworths Road approximately 200m from the intersection with the main road.

There is a Stage Regroup and turn-around area at the end of the Forward Direction (Woodworths) Stage. See diagram below for details

SERVICE PARK

The Service Park for the 2025 Tyres & More Hemmant Working Dog Rallysprint will be located at the Bonalbo Bowling Club and extends into the Golf Club.

<https://maps.app.goo.gl/KtQw213PvQAEMAFz7>

1. Competitor Camping:

Camping for competitors will be located within the designated service park area. Crews are asked to camp within their service bays. A small amount of overflow camping is also available at the Bonalbo Showgrounds.

2. Officials Camping:

Camping for officials will be located in the area shown on the Service Park diagram (Page 7), within the Caravan and Tourist Park adjacent to the Bonalbo Bowling Club.

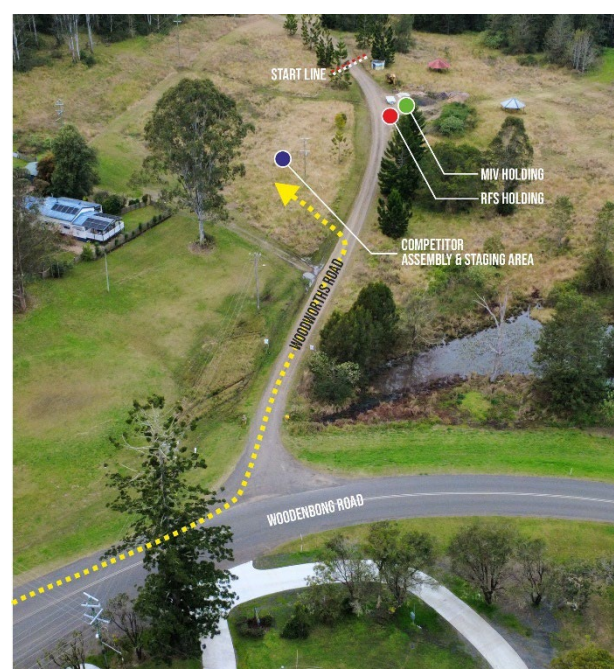

3. Amenities

Showers and toilets for Officials are available within the Tourist Park amenities block.

Competitors may use the showers and toilets at the Bonalbo Bowling Club, the Bonalbo Pool, or the Showground amenities, all of which will be open and available throughout the event weekend.

4. Other Important Notes

- The Rallysprint course is located opposite the bowling club in Woodworths Road.
- Service bays are indicative only and not allocated. Please choose your preferred location based on a first-come-first-serve basis.
- DO NOT DRIVE OR PARK ON THE GOLF GREENS
- In the event of wet weather, an alternative Service Park will be used. See Page 9 for more information.

Eat Street Car Display – Saturday

At 1730hrs, available teams are invited to move their cars to **Sandilands Street** for the **Eat Street Markets display (1800–2000hrs)**.

Display participation is **optional**, but the **town would love to see as many cars as possible**.

After the display, cars will **return to the Service Park**.

WET WEATHER SERVICE PARK

In the event of wet weather, the 2025 Tyres & More Hemmant Working Dog Rallysprint will proceed as planned. However, the Service Park will be relocated to an all-weather site outside of town to ensure safe and reliable access for all competitors and crews.

Details of the alternate Service Park location, including access routes, will be provided if required.

Competitors and service crews must follow any officials' directions at all times to ensure safe and efficient use of the area.

Please note:

The alternate Service Park is located on private property, generously provided for the event.

- All crews are expected to respect this area, take care of the facilities, and remove all litter and waste.
- Operate under a "Tread Lightly" policy and leave the Service Park exactly as you found it.

RESULTS

Follow the Action Live!

Keep up with all the times and results throughout the weekend at:

<https://www.chrissport.co.nz/events/?db=workingdog2025>

Stage times and results will be updated regularly as competitors complete their runs, so you can track your position and your rivals as the event unfolds!

Please note that results will be manually entered into ChrisSport, as the event will not be using RallySafe timing. It's vital that all control paperwork and competitor timecards are completed accurately to ensure times are recorded correctly.

So keep your paperwork tidy, your pens handy, and your times sharp because every second counts!

SUPPORT THE TOWN

The Bonalbo community has thrown its full support behind the 2025 Tyres & More Hemmant Working Dog Rallysprint, and we encourage all crews, officials, and visitors to return that support throughout the weekend.

Please take the time to visit the local shops, cafés, and eateries while you're in town. Grab a coffee, some groceries or enjoy a meal at one of Bonalbo's great local businesses. Every purchase helps the community that makes this event possible.
