CAMPBELL
contracts **LTD**

'Held under the General Regulations of Motorsport UK
(incorporating the provisions of the International Sporting Code
of the FIA) and any other Supplementary Regulations.'

Event Sponsor

Campbell Contracts have long been woven into the fabric of local rallying. With four brothers each campaigning their own Mk2 Escort in various specifications, the family name is a familiar sight on stages across the region. They've supported Enniskillen Motor Club many times over the years, including previous Rally Time Trial events, so when the chance arose to take on title sponsorship of this year's May Day Stages, it felt like a natural step. Having competed on the event themselves with mixed fortunes, getting behind it in an official capacity was an easy decision.

The Campbells have always thrown their weight behind community motoring events, whether it's charity car runs, tractor runs, or truck convoys, they're never slow to get involved in anything with wheels or an engine. The company's own story is just as impressive. Now more than 50 years established, Campbell Contracts has grown from Jim Campbell's single digger supplying sand and gravel across the countryside into a major utilities groundwork provider and a significant force within the quarrying sector. That progression speaks volumes about the family's work ethic and values, which remain every bit as strong today as when the business first began. The Campbell Contracts team encourages everyone to enjoy the day safely, respect the marshals, and remember to keep the racing where it belongs, on the stages. Now all that's left is to see which of the brothers claims bragging rights as the quickest Escort this year.

Clerk Of The Course

On behalf of Enniskillen Motor Club and our entire team of dedicated volunteers, I want to extend a sincere thank-you to everyone involved today. Whether you're competing, marshalling, timekeeping, or simply here to enjoy the action, every role contributes to making this event possible. We are especially grateful to this year's title sponsor, Campbell Contracts. The Campbell family are long-standing supporters of events across the county, particularly those with a charitable focus, and today they not only back the rally financially but are also out on the stages themselves under their rally team banner. Their continued enthusiasm and commitment are a major part of what keeps events like this thriving year after year.

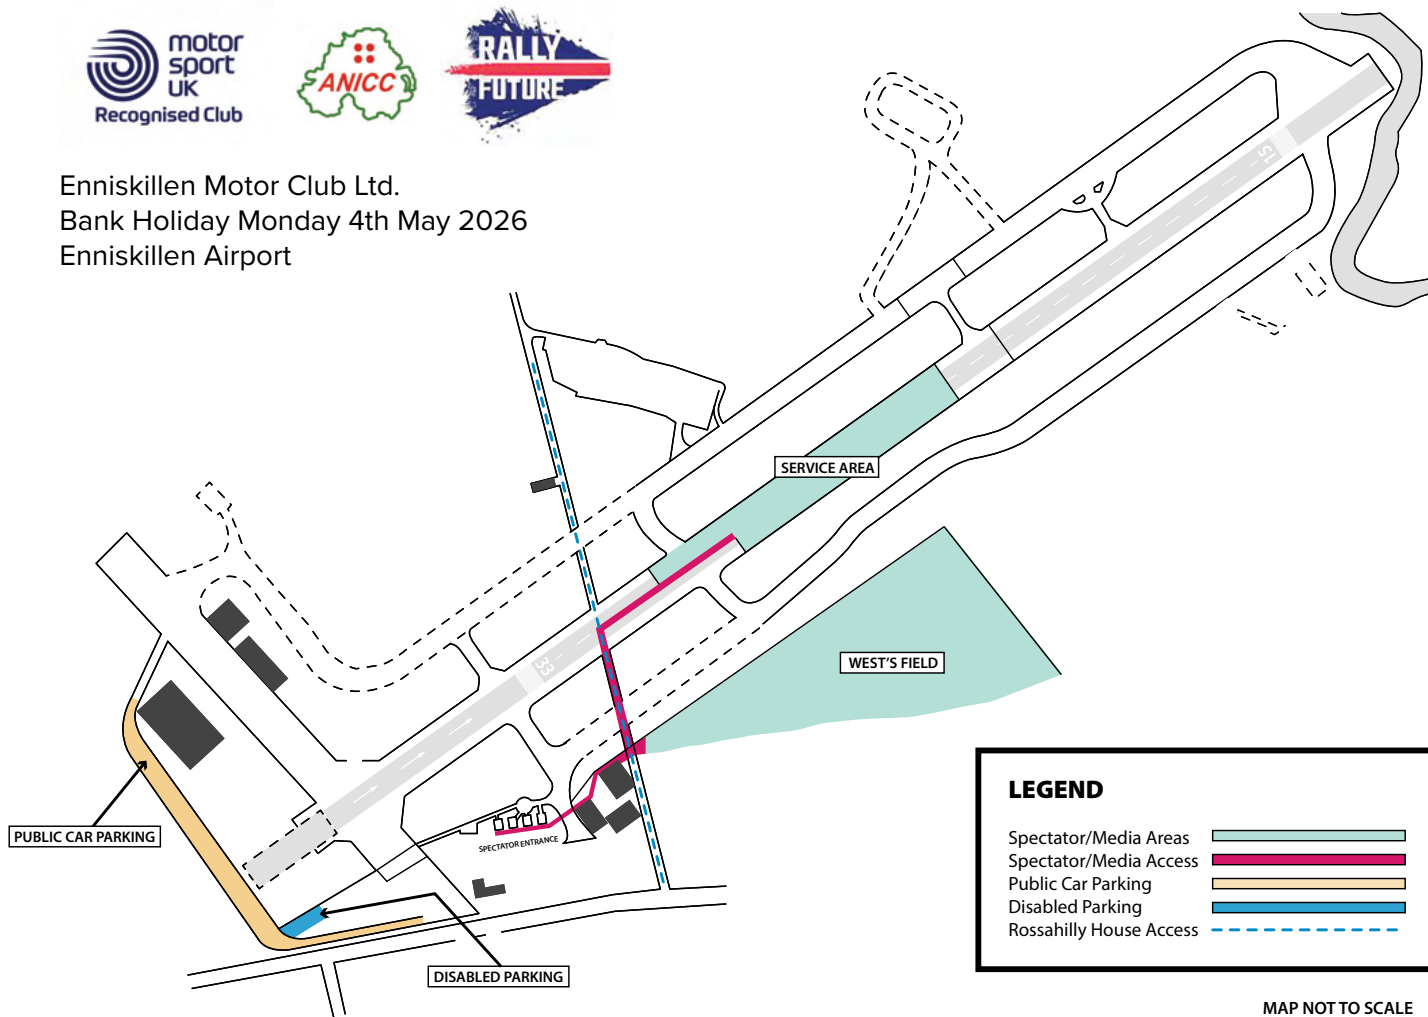

This event has taken many forms over the decades and is fondly known by several names, the Mayday Rally, Angelo, the Airport Rally, and, in its earliest days, simply The Sprints. Drivers from far and wide have tackled the unique layout of the former runway, which continues to operate successfully under the stewardship of Alan Cathcart and his team. Despite its clubman status, the rally demands the same level of planning and organisation as much larger events. From laying out the route with cones, barrels, rope, and tape, to restoring the airfield to full working order by Tuesday morning, the workload is immense. Any extra hands willing to help with setup or tidy-up are always greatly appreciated. It is this shared effort and community spirit that allows us to deliver a safe, enjoyable, and memorable day for everyone involved. As ever, we ask everyone to respect the venue that has been kindly made available to us. Please maintain high driving standards, spectate safely and sensibly, and follow the instructions of our marshals throughout the day. Your cooperation ensures that we can continue to use this fantastic location for future events and preserve the goodwill that has been built over many years. All that remains is to wish you a safe, enjoyable day's motorsport, and may the deserving winner enjoy that well-earned spray of champagne.

Declan Gannon
