Event Bulletin 001 2026 RallyX Denmark & Germany – Crosscar Junior

Crosscar Junior:

Kawasaki ER6 engines with restrictor will be allowed in Crosscar Junior at RallyX Denmark & Germany. This decision is done after evaluating the race from RallyX Holland 2026.

If any Crosscar Junior teams disapproves with this please let us know at this email address as soon as possible.

Technical@rallyx.se

Unless we hear any remarks regarding this we will allow these Crosscar Junior drivers with this engine to run these events again just as in Holland.
