12.4.1 Start procedure on special stages, except SS 1, 2, 3, 5, 6 and 8

The start procedure will be carried out as follows:
1. A start light system will be used, positioned on the right-hand side of the road, 3 to 5 metres behind the start line.
2. The yellow light on the start lights will come on 30 seconds before the start time.
3. During the last 5 seconds before the start, 5 red lights will light up one by one.
4. The crew starts when all 5 red lights go out.

A false start will be detected electronically by a photocell approx. 50 cm after the start line. Should the electronic start equipment fail, the start procedure will be carried out manually in accordance with Art. 48.3 of the FIA RRSR.

12.4.3 Incorrectly driven SS 2, 3, 5, 6 and 8

Any crew that fails to complete the prescribed number of laps on the circuit special stages Zadlog 2 and 5 and Ledine 3, 6 and 8 will not be excluded from the competition but will receive the following penalties:
- Too few laps completed: the time of the fastest crew in the class plus 6 minutes.
- Too many laps completed: the time actually achieved on the special stage will count.
