1. INTRODUCTION / WELCOME

1.1 Welcome

1.1 Welcome

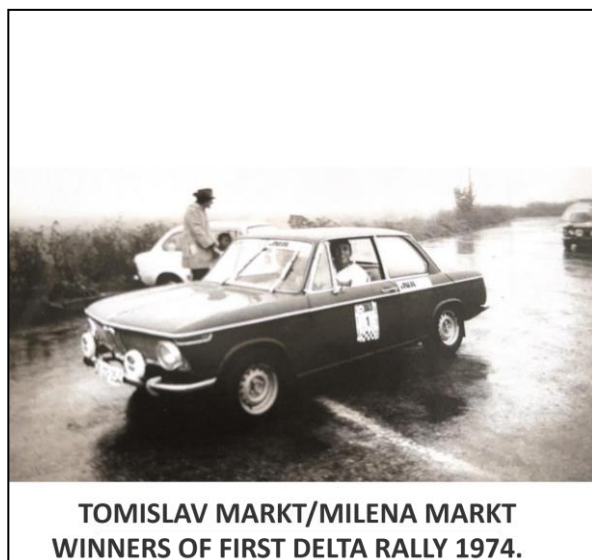

Welcome to Croatia!

Welcome to Zagreb, Dugo Selo, Samobor, Sveti Ivan Zelina, and the Zagreb and Krapina-Zagorje Counties!

Welcome to the "51st ZAGREB DELTA RALLY" and thank you for joining thousands of European motorists and rally drivers who have participated in our event over the past years.

We hope you feel at home in our city of Zagreb, the Croatian capital whose citizens deeply value major sporting events, among which the "Zagreb Delta Rally" stands out as one with the longest sporting tradition. You are arriving in a city where, back in 1906, the "First Croatian Automobile Club" was established. Its sporting successor today is the Croatian Automobile and Karting Federation (HAKS), the national governing body of motorsport in the Republic of Croatia (ASN).

We wish you a pleasant stay in our city, enjoyable sporting moments, and above all, sporting success that will inspire you to return to Zagreb, whether as athletes or travelers eager for new horizons.

1.2 Event overview

The "Zagreb Delta Rally" is the oldest, most demanding, and most popular motorsport competition in the Republic of Croatia and is widely considered one of the highest quality events in this part of Europe. Established in 1974 by the then organizer Auto moto društvo "INA" from Zagreb as the "Delta TLX Rally", it long sought a place under the European sun. Its European Championship status was finally achieved in 1992 when the International Automobile Federation (FIA) accepted its years-long candidacy. Thus, in June 1992, the first "European Delta" with coefficient 2 was held, marked as the 19th edition.

The organizers proudly emphasize that this was the first international sporting event entrusted to Croatian organizers of any sport after Croatia's independence as a free and sovereign state.

Thanks to excellent organization and invaluable support from the main sponsor sporting enthusiasts and rally founders INA – Industrija nafte d.d. Zagreb together with support from top level state sports and political authorities, the FIA raised the rally's status in 1994 to coefficient 5, and in 1995 to the prestigious coefficient 10.

The "Zagreb Delta Rally" has become one of the most significant international sporting events in Croatia, with a rich history. The first competition in September 1974, scored for the (then regional) Croatian Championship, started in Delnice and followed a 283 km route through Gorski Kotar to finish in Opatija. Two special stage Platak (8.2 km, asphalt) and Učka (8 km, gravel) were included, with Tomislav Markt of the INA team winning.

It took three years for "Delta" to be included in the Yugoslav Championship. Starting from Preluk near Opatija, the 690 km route with five special stages passed through Ogulin, Delnice, Duga Resa, Sisak, and Zagreb. Of the 44 crews that started, the most successful was that of Slovenian driver Aleš Pušnik.

Nine more years of proving itself led to a promotion in competition rank. The 13th "Delta", held in 1986, was entered into the FIA calendar as part of the Alpe Adria Rally Cup and an international invitational event. It attracted 75 crews from Italy, Austria, Germany, Czechoslovakia, Slovenia, and Yugoslavia. That year is also remembered for the first nomination for the European Championship. The 607,55 km route was divided into two legs with 17 special stages across six locations. Notably, the only all female crew Romana Zrnc and Špela Kožar from Slovenia in a Renault 11 Turbo won the rally.

Since then, the event has remained on the challenging and scenic routes near Zagreb, including Zagreb Mountain, the Samobor area, Žumberak, Plešivica, and Hrvatsko Zagorje.

The hardest period was during the war in Croatia. Despite numerous difficulties, organization remained impeccable. Under the Auto moto klub “INA Delta” Zagreb, the rally thrived an unprecedented rise in the history of the European Rally Championship. In 1992, the first European edition (won by Žarko Šepetavc – Nenad Krlić of Croatia) and the following 1993 event held coefficient 2 status. In 1994, it rose to coefficient 5 (Niko Pulić – Davor Devunić), and in 1995 to the highest, coefficient 10 (again won by Pulić and Devunić).

Thanks to strong ties and increasing reputation, more top foreign drivers began to compete including three-time European Rally Champion Enrico Bertone of Italy maintaining the high international level. FIA observers and committee heads confirmed this with the highest praise.

The current organizer, Auto klub “Delta” Zagreb, has continued pursuing the highest European rank since 1996, as the “Croatia Delta Rally”, aiming for coefficient 20, then the top tier of the European Championship.

Could the “Delta” reach the World Rally Championship? That question was raised with serious optimism. The rally has the support of top Croatian sports and state institutions, quality sponsors, broad media coverage, and an organizing club with professional staff, volunteers, and advanced timing and results systems under “Delta Timing”, used in Croatia, Austria, and Slovenia.

With solid organization and support from influential European rally sport advocates who recognized “Croatia Delta Rally” as a project worth supporting, the long-awaited news came at the end of 2006: FIA nominated the event for the 2007 European Championship. That year’s winners were the Croatian crew Juraj Šebalj – Toni Klinc. The event remained at this level in 2008 and 2009.

Unfortunately, in 2010, due to unresolved financial issues, recession, and lack of sponsors, the 37th rally under the name “Delta” was canceled. However, the 48th edition “48th Zagreb Delta Rally” was part of the official FIA Central European Zone Rally Championship, with a possibility of advancing to higher FIA levels, such as the European Cup or Championship.

This year, once again, the Zagreb Delta Rally is included in the FIA European Rally Trophy (FIA-ERT) for drivers and co-drivers.

Crews are strictly prohibited driving in the opposite direction from the direction established by the special stages!

Any infringement of the reconnaissance regulations and particularly reconnaissance outside the given schedule will be considered a very serious offence and will be reported to the Stewards who may impose a penalty that may go as far as start refusal!

10. RESTRICTIONS

- 10.1** Any kind of practice on the rally route is forbidden.
- 10.2** Throughout the entire reconnaissance, the crews must strictly observe the traffic laws effective in the Republic of Croatia, which generally correspond to those in continental Europe. If not otherwise specified by traffic signs, the maximum permitted speed in built up areas is 50 km/h, outside built up areas 90 km/h, and on highways 130 km/h. Headlights must be on at all times. The use of radar detectors is forbidden.
- 10.3** Each crew will be allowed to drive each special stage during the reconnaissance only 3 times.
- 10.4** In no circumstances may crews drive in the opposite direction to that of the rally in the special stages during reconnaissance.
- 10.5** Any member of the crew taking part or intending to take part in the “ 51. ZAGREB DELTA RALLY”, who is found present on the route of any special stage of the rally before 7th June 2025, and/or outside the reconnaissance schedule, will be considered to be performing illegal reconnaissance.
- 10.6** The Organizers will be conducted the route of special stages reconnaissance via GPS system
- 10.7** Any infringement of the reconnaissance regulations and particularly reconnaissance outside the given schedule will be considered a very serious offence and will be reported to the Stewards who may impose a penalty that may go as far as start refusal.

11. SCRUTINEERING

11.1 Location and Schedule

The scrutineering will take place at the time and location specified in the programme (SR Article 3). Cars may be brought by a team representative. Each crew will undergo scrutineering according to the schedule received with the confirmation of entry on Thursday, 3 June 2025.

11.1.1 Scrutineering – Mandatory Documents

- Car homologation
- SOS/OK sign (A3 format)

For each car of FIA priority drivers, one spare gearbox and a set of spare differentials (front and/or central and/or rear) may be used per rally. Spare parts and those installed in the car will be marked during scrutineering. Protective skid plates must be removed from these cars and kept with the car for weighing purposes.

The tracking system installation will be checked during scrutineering.

11.2 Mud Flaps

The installation of mud flaps is allowed in accordance with Article 252-7.7 of Appendix J.

11.3 Windows

See Article 253.11 of Appendix J of the FIA International Sporting Code.

11.4 Safety Equipment

All safety clothing, including helmets and FHR planned for use, must be presented at scrutineering. Compliance with Appendix L, Chapter III will be checked. Safety equipment is also described in Appendix 5 of these Regulations.

11.5 Noise Level

At all times on road sections, the noise level must comply with Appendix J.

There is no specific noise level limit in Croatia.

11.6 Specific National Requirements

Competition vehicles must arrive at scrutineering with rally plates, start numbers, and organiser's advertisements affixed.

Any delay to scrutineering (compared to the schedule received with the entry confirmation) will be penalised as follows:

- Up to 30 minutes: 50,00€
- 30 to 60 minutes: €100,00

- Over 60 minutes: 200,00€ + penalty at the discretion of the Stewards.

11.7 Installation of Safety Tracking Device

Safety tracking devices must be installed in the vehicles. Drivers will receive the devices during administrative checks against a deposit – either the crew's driving licences or 100€. Devices are to be installed by the competitors themselves under supervision from the company NAM system, a.s.

The return of the devices and the deposit – crew's driving licences – will be handled at the Rally Office.

The return of the devices and deposit will take place at TC 14d.

12. START PROCEDURES

12.1 Elektronička procedura starta (svi brzinski ispiti)

Nakon što službeni osoba na startu preda posadi karton s vremenom starta za cestovnu dionicu, pokazat će posadi startna svjetla s dnevnim vremenom izraženim u satima, minutama i sekundama. Svjetla će biti crvena. Deset sekundi prije startnog vremena digitalni sat će početi odbrojavati preostale sekunde do starta. Pet sekundi prije startnog vremena signalno svjetlo će se promijeniti iz crvenog u žuto. Vrijeme starta bit će označeno promjenom žutog svjetla u zeleno, koje je usklađeno s početkom startne minute na satu. Zeleno svjetlo ostaje upaljeno do 20 sekundi nakon pune minute, a u 21. sekundi zeleno svjetlo se mijenja u crveno. Na 0,5 metara nakon startne linije bit će fotocelije povezane s mjernom opremom i pisačem, usklađene s gore navedenim sustavom, koje bilježe lažni start.

12.2 Ručna procedura starta

U slučaju ručne procedure starta, nakon što se posadi preda vremenska kartica, službena osoba na startu će naglas odbrojavati: 30", 15", 10", a zatim posljednjih 5 sekundi jednu po jednu. Nakon što istekne posljednja sekunda, posadi će se dati znak za start.

15. LIST OF USEFUL FACTS AND SERVICES
15.1 Climate

The climate of Croatia varies from Mediterranean along the Adriatic coast to continental, inland. The coastal areas have hot, dry summers and rainy winters yet the inland areas are cold in winter and warm in summer.

The coast benefits from refreshing winds in the summer and the mountain ranges shield them from bitter winds in the winter. Sea temperatures never fall below 10 degrees in the winter and in August it can be as high as 26 degrees, due to warm currents flowing north up the Adriatic coast. In spring and early summer a sea breeze keeps the temperature down along the coast. This breeze that usually starts around 9am is perfect for sailing. The islands benefit from up to 2715 hours of sunshine a year, the sunniest being Hvar.

Winter temperatures range from -1 to 30°C in the continental region, -5 to 0°C in the mountain region and 5 to 10°C in the coastal region. Summer temperatures range from 22 to 26°C in the continental region, 15 to 20°C in the mountain region and 26 to 30 °C in the coastal region.

SAFETY LAYER

INSTRUCTIONS FOR SPECTATORS SAFETY ON THE SPECIAL STAGES!

Do not obstruct the organizers in their work.
If you can, help them.

Do not approach dangerous places.

Be careful while driving on the rally itinerary.

Do not stay in places with no possibility of escape
in case of emergency.

Stay in place during the race.
Do not leave before the sweeper car pass your place.

Always stand behind the safety belts and fences.

Arrive on time for the previously selected location.

If you notice something that requires immediate intervention,
please inform the nearest marshal.

Do not go too close to the road, you will have a better
view and you will be safer on a higher position.

DON'T:

- stand on the stage road
- stand below the level of the road
- stand in front of arrows or signs
- stand in prohibited areas
- stand or sit on or near walls of fences
- play games with your and drivers safety
- remove stage signs or arrows
- be the one that stops the race

ALWAYS:

- expect the unexpected
- listen for approaching cars
- leave yourself room to move quickly
- try to keep behind something solid
- keep children under supervision
- keep dogs on a lead
- do as the marshals ask
- help the marshals to run a safe stage

PLEASE PROTECT:

- yourself and others around you
- the stage road
- rallying
- nature and environment
