## INSTALLATION INSTRUCTIONS

### 1 INSTALLATION and FIXING

The Interactive Tracker **MUST** be installed

- ✓ **INSIDE** the race car
- ✓ **Front and top** of the véhicule
- ✓ **fixed on the car dashboard**
- ✓ **or fixed on a mounting plate**

**DO NOT position it on**

✗ **tunnel**

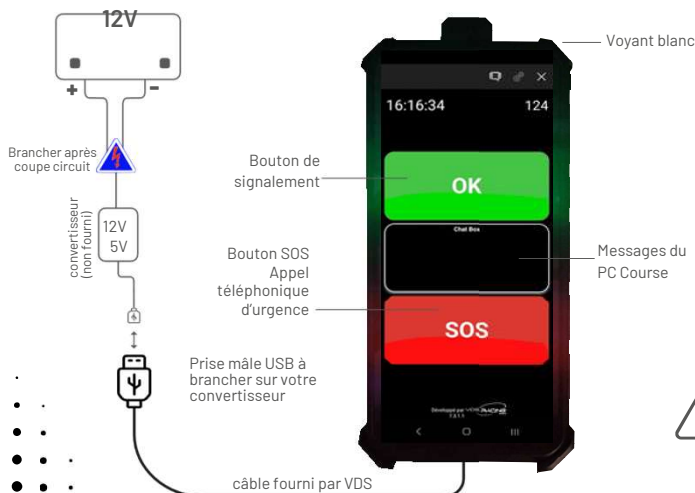

✗ **between the seats**

It must be easily accessible and readable for the **DRIVER** and **COPILOT** to press the Interactive Tracker screen in case of emergency

### 2 CONNECTION & START-UP

The Interactive Tracker is already put back into operation for administrative checks. It must be plugged in and must **REMAIN ON FOR THE ENTIRE DURATION** of the Rally.

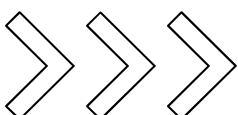

Connect the Interactive Tracker directly to your USB power supply with the supplied cable. A **WHITE** light comes on when plugged in

The installation of the Interactive Tracker in the racing car is the responsibility of the competitor who must ensure the solidity of its fixation in the passenger compartment and the proper functioning of the box. Under no circumstances can VDS Racing be held responsible for a competitor leaving the road or any other incident in the event of the Interactive Tracker falling into the competition car.

### RESTITUTION

- At the end of the rally **MANDATORY** return at the entrance to the arrival parc ferme.
- In case of abandonment: Return to the **RACE PC ONLY**

*In exceptional cases and under authorization (tel. 07 68 88 27 57 - 06 95 64 61 76) the Interactive Tracker must be returned the day after the rally. By registered parcel to the return address communicated by the team on site during the rally.*
