ADITAMENTO nº4

Alteração do Percurso de Setor Seletivo 1

Por razões de segurança, motivadas pelas adversas condições climatéricas que se fizeram sentir, que determinaram a subida dos níveis da Ribeira da Liria, que o percurso do Sector Selectivo cruzava ao km 156,77, a organização teve necessidade de alterar o percurso, por forma a não passar em tal no local, antecipando deste modo o final do Setor Selectivo.

Assim, procedeu-se à alteração do Road book, em conformidade com as figuras anexas, desde a figura 390 até final, passando o setor seletivo a ter 154,21km.

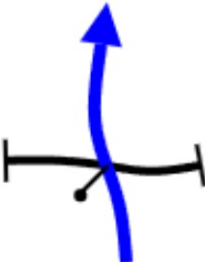

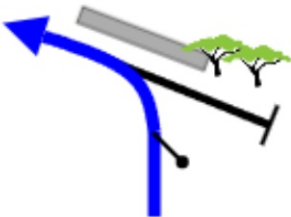

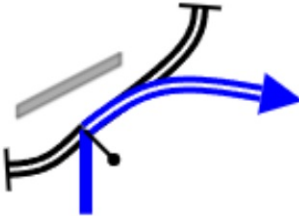

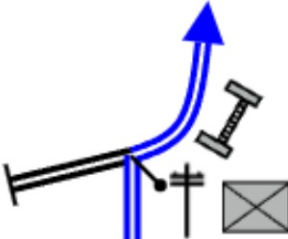

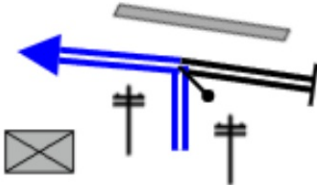

O Diretor de prova,

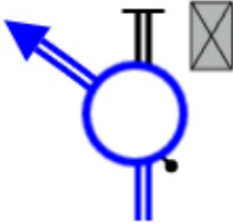

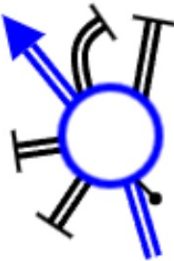

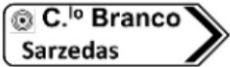

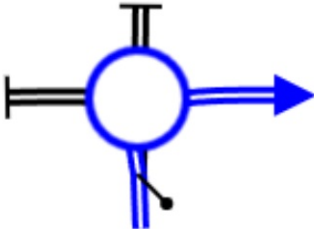

Aditamento ao roadbook nr. 2 – SS1 FPAK
