

## Briefing from Track Inspector - ISDE Argentina 2023

### DAY 5 Yellow

Start to CT Villicum: 5 km in 6'  
 CT Villicum: 6,2 km in (10') 12'  
 CT to TC1/4: 23,5km in 32'

Gravel road and a technical part with water before the TC. Pay attention after it DON'T go directly to the special test! Keep the right to enter in the good direction in the assistance area. Do the TC and later reach the special test 2.

TC1/4 to ET El Piñar: 0,5 km in 1'  
 ET El Piñar: (11'15") 13'  
 ET to TC2/5: 36 km in 55'

After the special test 2 attention to the gravel road double way passing near the TC. The rest is gravel road and single track with rocks.

TC2/5 to CT Aser: 0,5km in 1'  
 CT Aser: 4,5km in (7,45") 9'  
 CT to TC3: 19km in 37'  
 All single track with bumps and gravel.

### Attention

At all the Time check whit service I always preview around 12' for the service based on my riding time without any stops and respecting the speed limit in the open traffic roads.  
 Pay attention at the TC "pre finish" the time is shorter compared to the previous lap.
