

Birr & District Motor Club Endurance Trial

Sunday 1st October 2023

Press Release 1:

7th September 2023

All systems are GO for the upcoming
Birr & District Motor Club Endurance Trial on Sunday, 1st October .

The event is under the leadership and guidance of seasoned COC Bill Ryan and his team, with similar tests to those highly regarded by Competitors last year and also some exciting new ones in the mix.

Speaking about the event Bill commented, "It's been a pleasure to be involved in leading up the Endurance Trial this year. I have a great and hard-working team around me with vast experience in this discipline. We have kept some of last year's tests which we received great feedback on at the time, with some minor tweaks. We have also picked some new tests close-by which we know competitors are going to love, with a mix of surfaces. The tests are once again predominantly in the North Tipperary area. We are very grateful to the local landowners for co-operating with us, we couldn't run such an event without their help".

The event headquarters is new this year and is based out of Ballingarry/Knockshegowna Community Centre, well located between all the tests. The Motor Club would like to express their gratitude to the community for welcoming them in.

All relevant information is now on our Sportity, BirrEndurance23.

Event Secretary Noelle Horan is looking forward to hearing from competitors, contact her on 087-0666663 or birrmotorclub@gmail.com
