The Stewards, having received a request from the promoter and a waiver given by FIA, having summoned and heard the Team Representative, having heard Mr. Campbell, WRC Promoter GmbH, have considered the following matter, determine the following:

Decision: The car #6 with driver Yoann BONATO is allowed to run the shakedown after he has completed the Qualifying Stage with a passenger, not entered in the event. The following requirements must be met.

- (1) The passenger on board must have signed a disclaimer provided by the organiser.
- (2) The passenger must wear a homologated crash helmet, all required safety clothing and equipment in compliance with Appendix L Chapter III - Drivers' Equipment and have their safety harness correctly fastened.
- (3) Any work after the QS may only be performed by the crew alone **plus two team members**, but only using equipment carried on board the competing car. An extra carjack and four axle stands may be brought by the team members.
- (4) The extra tyres to be used may be transported in a service car and be prepared by team members to be fitted to the rally car.
- (5) The tyres used will not be taken from the overall quantity.
- (6) The tyres change must be done at QS remote service park and after the shakedown the competitor should refit the tyres used in QS to the car before returning to Parc Fermé. After the promotional run the crews should return to San Mateo Service Park as described in QS Road Book from page 17 box 7 to page 19 box 19, and from there to drive opposite direction 0,21 km from box 19 to box 18 and turn right to reach the original Road Section from QS to Parc Ferme and follow the QS Road Book from page 30 box 19.
- (7) Refuelling the car after QS is not allowed.

Reason: The representative explained that they agree to the promoter's request and undertake to follow the established procedures. As an exceptional case and for promotional reasons, it will be allowed to give a well-known personality the opportunity to get to know rallying under "competition conditions". Since the promotional activity will be after the QS and before the competition elements it will have no affect to all other competitors.

This decision is based on the waiver granted by FIA.

Competitors are reminded of their right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
