

## Bulletin 2

November 18, 2024

### Topic: Chicanes Information

Two chicanes have been added to the following stages. Jawbone Cyn, Oakbone (Aila Sweet), & Onyx. Please see below for build and penalties associated. Both chicanes are noted in the supplied stage notes/tulips.

#### Gamma Chicane (Single Physical Element)

The first chicane is at coordinate 35.37255, -118.11677. This is at the north intersection where Butterbredt and Jawbone Cyn meet. The chicane will be a single element chicane that forces cars to use the intersection as a delta. When running Jawbone Cyn N (SS1), Oakbone W (SS5), Onyx N (SS7) the entrance to the chicane will be on the RIGHT. When running Jawbone Cyn S (SS4), Aila Sweet Tooth (SS6), Onyx S (SS11) the entrance will be on the LEFT.

Gamma Chicane Detail

For recce the first and last cone will be in place along with the signage.

## Jawbone Virtual Chicane (Virtual)

The second chicane will be a virtual chicane and notated in the route and pace book. This is at the north end of Jawbone Canyon Rd. Start and end Signs will be posted with countdowns to the chicane

The coordinates are as follows:

STAGE #	Start (Lat/Long)	End (Lat/Long)
SS 1, SS 5, SS 7	35.384425, -118.189428	35.383892, -118.191489
SS 4, SS 6, SS 11	35.383892, -118.191489	35.384425, -118.189428

V.C signage will be posted for recce.

## Gamma Chicane Build & Penalties

The gamma chicane will be set up with multiple reflective 36" traffic cones.

Penalties will be issued when cones are moved 6 inches or more from the centerline, or if the cone is knocked over. Penalty will be applied for each cone dislodged or knocked over. If any competitor vehicle intrudes the chicane more than three cone widths, it will be considered shortcutting the course.
