Driving during the reconnaissance must not endanger or inconvenience other traffic or people living close by. Crews will only be permitted to enter and leave special stages through the start and finish during the reconnaissance. Driving in the opposite direction of the rally is prohibited. The organizer will control speed as well as the manner of driving during reconnaissance. The police will also supervise on the route and may penalize traffic infringements according to the Finnish Traffic Law.

In the special stages during the reconnaissance have all the signs marked in the road book ready in place, marked with either temporary or real signs.

### Cautions during reco

These regulations follow our passion for motorsport and it's future. Remember that residents alongside rally route are the one's who allows us driving rally in the future. If our environment, residents of the area, other traffic will suffer from our behaviour – rally has no future!

**Every special stage has child's moving during the reconnaissance period. Competitors are required to pay special attention in these areas!**

### 13.1 Flexi-service

On Friday after SS2 there is a possibility for service. This is included in the liaison time.

Service A, B and C are Flexi service.

Regrouping can be held at competitors own service spot. TC gives a service start time for competitors; a service start time must be shown at car in service area. Flexi-service sign can be found on road book

When the competitor arrives at the service place, competitor attach immediately service starting time page from the road book in a visible place to the window of the racing car. Service starting time is informed with this time. When determining the time, the time of the official competition is decisive. Competitors must exit their car as soon as they arrive at their service place. Premature start of service activities will result in disqualification from the competition. This is overseen by event judges.

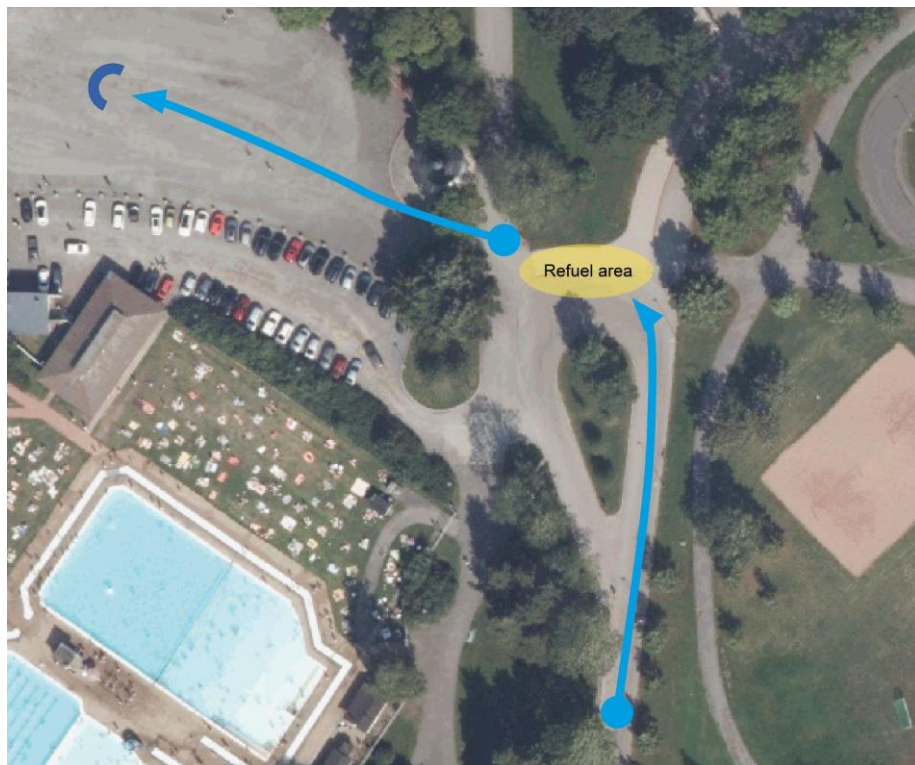

The series organizer has the right to remove any indoor cameras they may have installed before the start of the service period.

### 13.2 Refueling

Refueling is allowed only at gas stations and refueling area that are marked in road book.

Refueling area for those who refueling in own cans is next to the service area (see map). Refueling time is included in the liaison time.

### Liquid handling

We, as motorsport representatives must take great responsibility for environmental issues and notice all cautions while handling oils and liquids during rally.

At service area all cars must have ground cover which is all liquid proof.

Handling of fuel in the service area is only allowed if the car has a technical fault, which requires removing or emptying the fuel tank. This must be done under the supervision of administrators. The safety actions must be sufficient and the car may only be filled with enough fuel to get to the refueling area. During these procedures, no other service procedures may be performed on the car.

Smoking is allowed only at marked places.

### 14. TRAILER PARK
