after each race

The background of the slide is a dark, textured surface covered with numerous 3D question marks. Most of these question marks are black and have a metallic, reflective finish. One question mark, located on the right side of the slide, is a vibrant red color and stands out prominently. The lighting creates highlights and shadows on the 3D shapes, giving them a sense of depth.

Any questions

you can find as on the first floor of the tower in
