# Costumers Information 2025/1

**Date: 14/04/2025**

**FIA European Autocross Championship, all Competitors should insert their tyres orders through the following online platform.**

## Online Orders access

***asrracing.com/place-order/***

At every event of Autocross European Championship, ASR Tyres/Kumho Motorsports will be supplying tyres and assure the mounting service for free for all Competitors/Drivers. In the case of the 1st event, as that is allowed the shipping of tyres straight to competitors before the race, ASR Tyres / Kumho Motorsport also ensures this process for free.

We strongly recommend that all Competitors/Drivers should insert previously to any race their order on the platform on the link above, until Friday of the week before of the race event. This will guarantee a faster and smothly tyres mounting process for everybody on the race.
