1. On the administrative checking each competitor will get 1 for driver and 4 free entry tickets for mechanics and escort. For every other member of the team an entry fee of 500 CZK (20€) will be collected at the administrative checking. Please drivers about payment in CZK.

2. Each driver is responsible for watching of Official Notice Board and also for coming to the pre-start area in time.

3. Only 2 members of each team is allowed to come to PRE-START area, after calling from organiser all persons have to go to place for mechanic and after finish his round have to leave this PRE-START area.

4. Paddock will be closed every day from 10pm to 8am.

5. The schedule of the Official Timed Practices will be posted on the Official notice board.

6. **Jump Start:** There is a monitoring system on race-tower and a marshal to register false start. Starting procedure: After comparing cars on the grid, begins by showing the panel of five seconds. The start will be lit green light.

7. In case of Jump Start, continue around the circuit and follow the instructions of marshals and organiser.

8. After the finish of each heat go to the paddock (turn right after Marshal's Post no.1). After finish of Final go to the Parc Fermé (turn right after Marshal's Post no.1 and follow the instructions of organiser).

9. Price giving ceremony will start immediately after each Final.

10. All competitors and their teams have to take care about protection of Environment in all areas of the event.

11. It is forbidden to make open-fire in all areas of the event.

12. Cleaning of the tires is prohibited on the starting grid. Breaking this rule will be punished. For cleaning of the tires, driver has to use the area between the pre-start area and starting grid which is marked by tape.

13. In case a driver is given a black or back and white flag, his number will appear on the lighting board located underneath the laps board on the left side of the finish area.

For the whole team of AUTO KLUB PREROV-mesto in ACCR I wish you a successful racing weekend and do not forget to compete in the spirit of fair-play!

I would also like to thank all the partners and sponsors who have been involved in this motoring experience.

Jakub Vymazal
President of AUTO KLUB PREROV-mesto v ACCR

THE INFORMATION ABOUT THE ENVIRONMENTAL PROTECTION IN CROSS ARENA PREROV

1. The competitors and their teams are responsible for the production and the manipulation with hazardous waste.

2. It's necessary to use a tin bathsor an impermeable canvas under the racing cars in the paddock at the expense of the competitors or their teams.

3. The organizer set up a space for storing hazardous waste in the paddock. This space is designated as ECO POINT andthe access to it is marked in the map of the paddock, which is located on the official scoreboard.

4. On the ECO POINT stand there are placed collection containers for hazardous waste:
   - **Plastic waste –waste code 150102** –this collection vessel is permitted to store empty plastic containers of petroleum and other hazardous substances (e.g. oil, brake fluid, grease, etc.).
   - **Metal packaging – waste code 150104** – this collection vessel is permitted to store empty metal containers of petroleum and other hazardous substances (e.g. oil, brake fluid, grease, etc.).
   - **Absorbents, filtering materials, wiping cloths and protective clothing contaminated by hazardous substances – waste code 150202** – the collectionvessel is allowed to store solid materials (e.g. apex, fibroil, sawdust, textile, paper – contaminated (drenched) by oil substances or other hazardous substances.
   - **Oil filters – waste code 160107** – the collection vessel is allowed to store filtering materials with sorbate petroleum substances from the filtration process of engine oils with adhering solid particles that may contain other dangerous substances.
   - For each collection vessel there is an **"identifying list of hazardous waste"** where are specified procedures for dealing with thisspecific waste, localization of the crash, first aid, etc.

5. In the paddock there is also a **container for mixed municipal waste – waste code 200301** – this collection vessel is allowed to store ordinary municipal waste.

6. It's prohibited to store another type of hazardous wastes than those which are specified in the article 4 and 5 of this document.

7. In the whole area of CROSS ARENA PREROV it's prohibited an unprofessional manipulation, saving and spilling of the petroleum products and chemical substances, that could damage the environment, e.g. petrol, diesel oil, grease, brake fluid, thinner, etc. These substances are an exclusive property of the competitors and their teams, who are completely responsible for them.

8. In case of any kind of ecological accident, please, contact our President of AUTO KLUB PREROV-mesto v ACCR. His telephone number is +420 775 243 453.
