New Sportity Channel effective from 15/05/25

15th May 2025

Dear Autocross & Cross Car, Teams, Competitors and Drivers,

To improve the functionality of the Sportity channel of the 2025 FIA European Autocross and Cross Car Championships, a new channel has been opened for the current season.

All documents uploaded to the previous channel, without exception, have been uploaded to the new channel and will be available on the new channel.

The password to the new channel for the 2025 season is as follows:

EuroAX-XC25

We ask all teams, competitors, drivers and other members of the old channel (EuroAX25) to migrate to the new channel as soon as possible so that you do not miss any information about the competitions.

The **old channel will stop receiving updates from Friday 16/05/25 at 23:59**; despite this, during the transition period, both channels will receive the same information in duplicate (from now until 16/05/25 at 23:59).

FIA Off-Road Coordinator
