## **“RALLY ŽEMAITIJA” is dedicated to the memory of Tomas Savickas, the organiser of this rally (1969–2019)**

Each year, the beginning of the rally celebration in Kelmė also marks a moment of remembrance for a painful loss — the unexpected passing of Tomas Savickas, the key strategist behind “Rally Žemaitija”. Having brought with him to Kelmė extensive experience as a rally driver, he passed on the racing spirit to many of his colleagues and friends. Thanks to Tomas, a once quiet town on the edge of Žemaitija became one of the most important rally centres in Lithuania, attracting some of the brightest motorsport talents from across Europe to compete, train and test their machinery.

Under Tomas Savickas' care and dedication, “Rally Žemaitija” hosted several rounds of the Latvian and Belarusian Rally Championships, whose competitors returned home with the very best impressions. T. Savickas devoted 19 years to motorsport, from 1995 to 2013, and was far more than a spectator in the rally world. Tomas became Lithuanian Rally Champion in his class no fewer than ten times, won numerous rally events and earned the title of Master of Sport. In 2004, he founded the sports club “Kelmės ASK”, became the principal organiser of “Rally Žemaitija” and a motorsport official. From 2014 onwards, he worked at almost all motorsport events held in Lithuania, and in 2018 he was granted national category status.

Dear competitors, rally teams, loyal fans, partners, volunteers, and all those for whom motorsport is more than just competition, It is with great joy and special emotion that I welcome you to NEO Rally Žemaitija 2026 — a rally which this year starts under a new name, with renewed energy and an even stronger drive forward.

The roads of Žemaitija are calling once again. They await the sound of engines, clouds of dust, the focus before the start, and that unique moment when time begins to count in seconds.

This year is special for us. Rally Žemaitija is entering a new stage and becomes NEO Rally Žemaitija. We are joined by our title sponsor, NEO — a name that for more than three decades has been associated with movement, trust and the road. This is a highly symbolic partnership, as rallying and NEO speak the same language: direction, quick reaction, teamwork, responsibility and the ability to reach the destination all matter here. From the rhythm of the city to the speed of rallying — this slogan reflects our shared journey with great precision.

This year, NEO Rally Žemaitija 2026 will once again bring together strong competitors, ambitious teams and a rally community that knows how to wait, support and create emotion. Ahead of us are special stages where it will take more than pressing the accelerator — crews will need to read the road precisely, trust the co-driver, feel the car and respect every metre of the route. Žemaitija is not easy — it has character. That is exactly what makes it so real.

May every special stage become not only a sporting challenge, but also a beautiful story worth remembering. NEO Rally Žemaitija 2026 will take place on 5–6 June.

I invite everyone to be part of this rally celebration — on the stages, in the Service Park, in front of the screens, on social media and wherever the heart of rallying beats.

Let us meet in Žemaitija — where the road speaks loudly, the gravel tells stories, and the spirit of rallying returns stronger every year.

With the warmest sporting wishes from Žemaitija, Ingrida, , Organiser of Rally Žemaitija

## Greeting from the NEO Taksi Team to the Competitors, Fans and the Entire Rally Community of NEO Rally Žemaitija 2026

Dear competitors, teams, rally fans, partners and all motorsport enthusiasts,

On behalf of the NEO Taksi team, we are pleased to welcome you to NEO Rally Žemaitija 2026 — an event where the road becomes more than just a route. Here, it turns into speed, emotion, challenge, teamwork and true sporting character.

It is a great honour for us to be a partner and the title sponsor of this rally, and to become part of a community that lives through movement. For more than three decades, NEO has been on the road — growing together with Šiauliai, with people, with their journeys and their trust. Today, our journey extends even further — not only in Šiauliai and the major cities of Lithuania, including Vilnius, Kaunas and Klaipėda, but also as the NEO name begins to resonate not only with the rhythm of the city, but also with the speed of rallying.

Rallying and NEO have a great deal in common. On the road, precision, quick reaction, reliability and a team you can trust are essential. Every journey has a destination, every corner demands attention, and every start begins with confidence. This is precisely why this shared road is so special to us.

NEO Rally Žemaitija 2026 is a new name, yet it carries the same strong Žemaitija character. It is a rally where experience meets ambition, speed meets responsibility, and urban mobility meets sporting adrenaline.

We sincerely wish all crews successful starts, accurate pace notes, safe special stages and strong sporting competition all the way to the finish. We wish the spectators unforgettable emotions, and the organisers a smooth, vibrant and memorable event.

May this round become another strong chapter in the story of rallying in Žemaitija.

May the speed be responsible, the road inspiring, and the finish worthy of all the work invested.

## “NEO RALLY ŽEMAITIJA 2026” INVITES YOU

---

“There are only three sports: bullfighting, motor racing and mountaineering. All the rest are merely games.” With this insight, once shared by the renowned writer and adventurer Ernest Hemingway, the essence of rallying was described with remarkable precision. It is here that the skill of the drivers, breathtaking courage and the immense risk waiting in almost every corner all come together. Therefore, in rallying — just as in the bullring or on a mountain expedition — there is no room for mistakes or reckless adventure. Here, everything is real.

Yet even though the drama unfolding on the stages needs no additional emotional amplifier, this does not make the work of the rally organisers any easier. To optimally combine the special stages, road sections and Service Park time windows, while ensuring the required level of safety for competitors and spectators, is a task that can only be accomplished with solid experience and complete dedication. The **Kelmės ASK** team has been doing this without interruption for a second decade and, each time, manages to raise the quality benchmark of the rally at least one step higher. That is why the 2026 event will be even better than last year's.

This time, we have joined forces with a new partner — **NEO**. This means that, together with additional resources, comes greater responsibility and more opportunities to turn the rally into an unrivalled celebration of speed. The tireless architect of the special stages, **Edvinas Vašteris**, has added to the overall project several gravel road sections discovered by **Kelmės ASK** — sections that rally drivers have not seen for at least 15 years. This means that, for the absolute majority of the younger generation of competitors, it will be a completely new experience, while even the more experienced crews will not be able to rely on any vintage pace notes.

**NEO Rally Žemaitija 2026** will take place over two days during the first weekend of summer. On 5 June, the programme will include Administrative Checks and Scrutineering, reconnaissance of the route, and the opportunity to check the car's setup on the Shakedown stage. The winners of the second round of the Lithuanian Rally Championship will be determined on Saturday evening after completing **105.09 competitive kilometres — 97% gravel and 3% asphalt** — within a total route distance of **343.57 kilometres**, divided into **8 special stages**. A distinctive feature of this year's event in the Kražiai area will be longer special stages than have been customary in recent years. The so-called **Power Stage** will serve up no less than **26 kilometres**. All of this means that those competitors who consistently maintain strong physical condition and are able to sustain concentration over a long distance will have a greater chance of triumphing in the rally.

The Lithuanian rally community, currently experiencing a golden age, has grown to such an extent that Rally Sprint competitors and LARC crews now compete in separate events — fitting everyone into one sporting flow would be extremely difficult in practical terms. However, there will be plenty of variety for spectators, as this season the strongest classic rally crews will be joined by competitors from the **Extreme Rally Championship**, competing in buggies. Until now, spectators of **Rally Žemaitija** have not had the opportunity to see such machinery up close.

Traditionally, this rally will also be a sign of remembrance and gratitude to **Tomas Savickas**, the man who brought rallying to Žemaitija.

“I believe he would be incredibly happy to see how our rally has grown and improved, how many new talents have revealed themselves here, and how we have all learned to celebrate life,” says **Ingrida Savickienė** with a smile.

Therefore, on **5–6 June**, we look forward to welcoming motorsport enthusiasts to **NEO Rally Žemaitija 2026**. A ticket granting access to all special stages of the event will cost **EUR 15**.

## MEDIA INFORMATION

---

### MEDIA CENTRE

A Media Centre will be operational during the rally:

**Location:** Kelmė Culture Centre, Vytauto Didžiojo St. 73, Kelmė, 55.6318, 22.9359

**Date:** 2026-06-05, Friday **Time:** 17:00–22:00

**Date:** 2026-06-06, Saturday **Time:** 07:00–22:30

At the Media Centre, journalists, photographers and video operators will have access to:

✓ free wireless internet connection;

✓ a working area for processing photo, video, audio and written material.

Computers and other equipment will not be provided to media representatives.

### ACCREDITATION OF MEDIA REPRESENTATIVES

Accreditation for NEO Rally Žemaitija 2026 will be granted only to media representatives holding annual accreditation issued by LASF, representatives of television and mass media, and foreign media representatives who have submitted the advance electronic accreditation form and the Confirmation and Undertaking of the Media Representative within the specified deadline. These documents will be published on [www.autorally.lt](http://www.autorally.lt), [www.rallyzemaitija.lt](http://www.rallyzemaitija.lt), [www.lasf.lt](http://www.lasf.lt), and in the Sportity app — password: RZ2026. The completed advance accreditation application form and the Confirmation and Undertaking of the Media Representative must be submitted by e-mail to [info@kelmesask.lt](mailto:info@kelmesask.lt) no later than 17:00 on 1 June 2026, Monday. The Organiser will confirm accreditation applications by 22:00 on 1 June 2026.

Media representatives must arrive in person at the Media Centre, present the original physically signed documents — the Accreditation Application and the Confirmation and Undertaking of the Media Representative — and collect the issued accreditation packages.

Failure to comply with these requirements will render the accreditation invalid during the rally.

### SAFETY RULES – MANDATORY TO READ

#### NEO Rally Žemaitija 2026 Safety Rules (EN)

Accredited persons may observe, film and photograph the competition during the rally; however, they must comply with the Safety Rules and follow all lawful instructions given by officials, marshals and security personnel.

During the rally, accredited media representatives must wear green vests issued by LASF, bearing an identification number.

Receipt of accreditation confirms that the media representative has read the Safety Rules, understands them and undertakes to comply with them.  
Accreditation for the rally is free of charge.

**Safety Rules**

## **SAFETY REQUIREMENTS FOR MEDIA ACCREDITED REPRESENTATIVES**

---

1. It is strictly prohibited to be present at the competition venue while under the influence of alcohol, narcotic substances or any other intoxicating substances.
2. During the competition, accredited media representatives must at all times comply with all instructions given by marshals, safety personnel and officials.
3. Accredited media representatives must choose a safe observation position along the route and must remain prepared for unusual situations or accidents throughout the entire competition.
4. An accredited media representative wearing a media vest issued by the LASF or by the event organiser is permitted to be present in hazardous areas of the route, but no closer than 2 (two) metres from the safety boundaries, such as fences, tape or other barriers.
5. An accredited media representative without a media vest issued by the event organiser or the LASF is not permitted to be present in hazardous areas of the route or in areas designated for media representatives.
6. The work of accredited media representatives, as well as the placement or presence of their equipment at the competition venue, must under no circumstances affect the safety of the competition or the results of the competitors.
7. Accredited media representatives are prohibited from using drones or any other remotely controlled equipment without the prior consent of the organiser.
8. Accredited media representatives must beware of moving vehicles. Your safety on the route and in the Service Park depends solely on you. Pay particular attention to your surroundings and to all activity taking place around you.
9. Avoid standing too close to rally cars in the Service Park. Do not obstruct the work of mechanics or any other team members.
10. Avoid leaning on rally cars, as they may start moving suddenly. In addition, certain vehicle parts may be hot or fragile.
11. Avoid standing near fire-fighting, rescue and/or ambulance vehicles, as they may move off suddenly without prior warning.
12. If it is necessary to review working material, such as photographs, video footage or other content, avoid doing so close to the competition route or with your back turned to it. Choose a safer location.
13. Avoid crossing the competition route whenever possible. If it is necessary to cross the route, choose a place with good visibility and make sure that no vehicle is approaching.
14. Any breach of these media safety rules may result in the withdrawal of accreditation and removal from the competition venue.
15. By submitting a media accreditation application, you confirm that you have read the Lithuanian Rally Media Accreditation Safety Rules and agree to comply with them.

# ŽIŪROVŲ SAUGUMO ATMINTINĖ SPECTATORS SAFETY MEMO

## WARNING! AUTOSPORTS CAN BE DANGEROUS

Despite the organizers taking all reasonable precautions, unavoidable accidents can happen. In respect of these you are present at your own risk

## DĖMESIO! AUTOMOBILIŲ SPORTAS GALI BŪTI PAVOJINGAS

Organizatoriaus taikomų saugumo priemonių bei taisyklių nepaisymas gali būti nelaimingų atsitikimų priežastis. Žiūrovai už savo saugumą bei gyvybę atsakingi patys.

AREAS MARKED WITH THIS  
SIGN ARE DANGEROUS  
ŠIAIS ŽENKLAIS PAŽYMĖTOS  
VIETOS YRA PAVOJINGOS

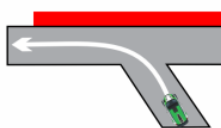

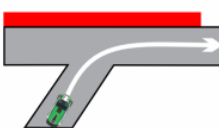

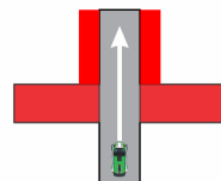

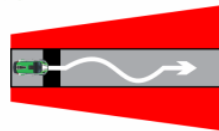

## ATTENTION DĖMĖSIO

Prohibited and dangerous spectating areas are marked in RED. Spectators are allowed to watch the rally only from secure places

Pavojingos ir žiūrovams draudžiamos zonos schemeje pažymėtos RAUDONAI. Stebėti varžybas galima tik saugioje zonoje.

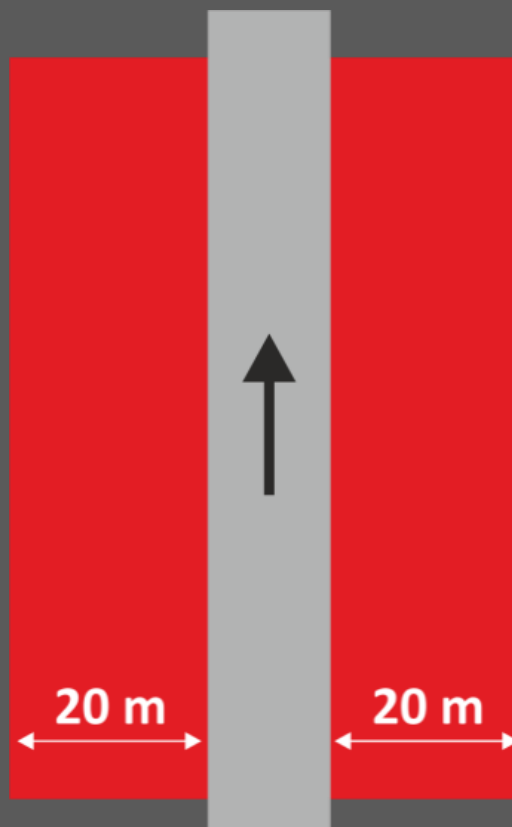

JUMP / TRAMPLINAS

### *Straight Section of the Route*

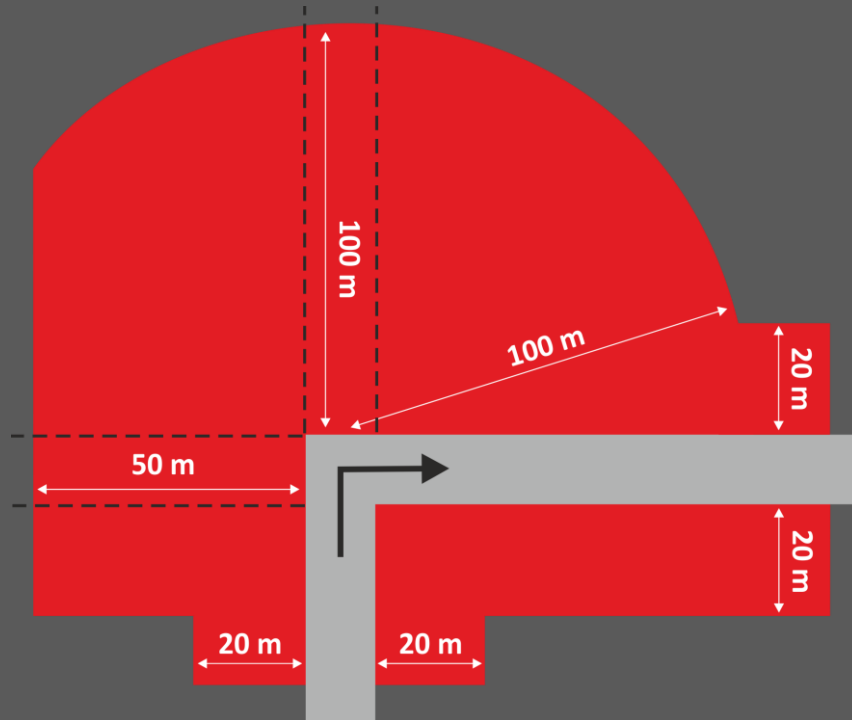

During the event, when only one car is driving on the Route at a time, spectators are prohibited from being present, moving, walking, standing or lying on the carriageway of the Route, as well as within a distance of at least 20 metres on both sides along the carriageway of the Route (the red zone shown in the illustration).

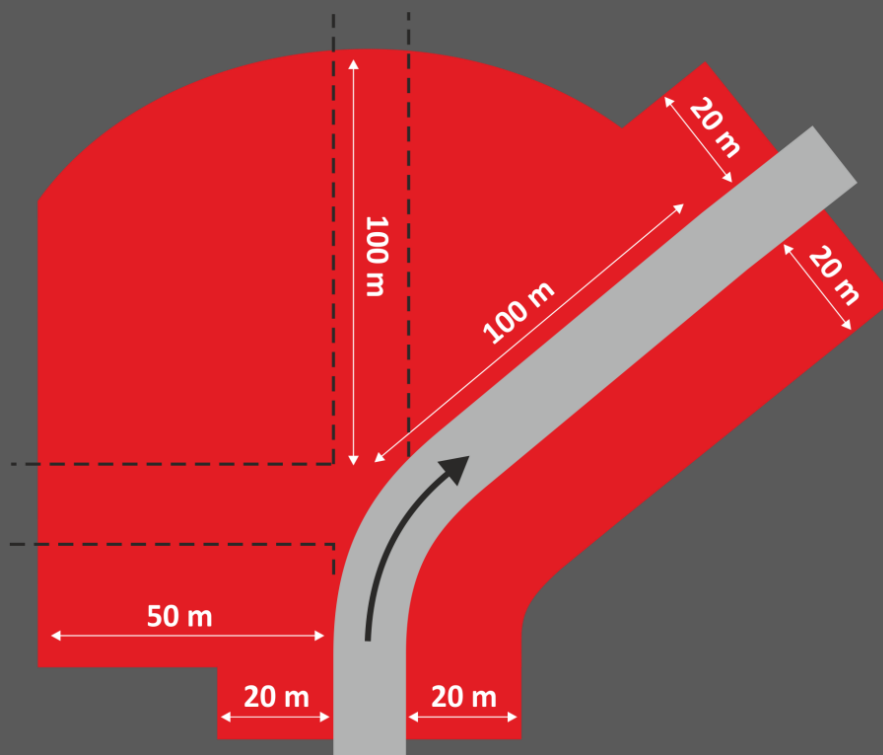

## ***Zones around intersections, corners, jumps and chicanes***

During the event, when only one car is driving on the Route at a time, spectators are prohibited from being present on the carriageway of the Route and in the areas marked in red in the diagrams around intersections, corners, jumps and chicanes:

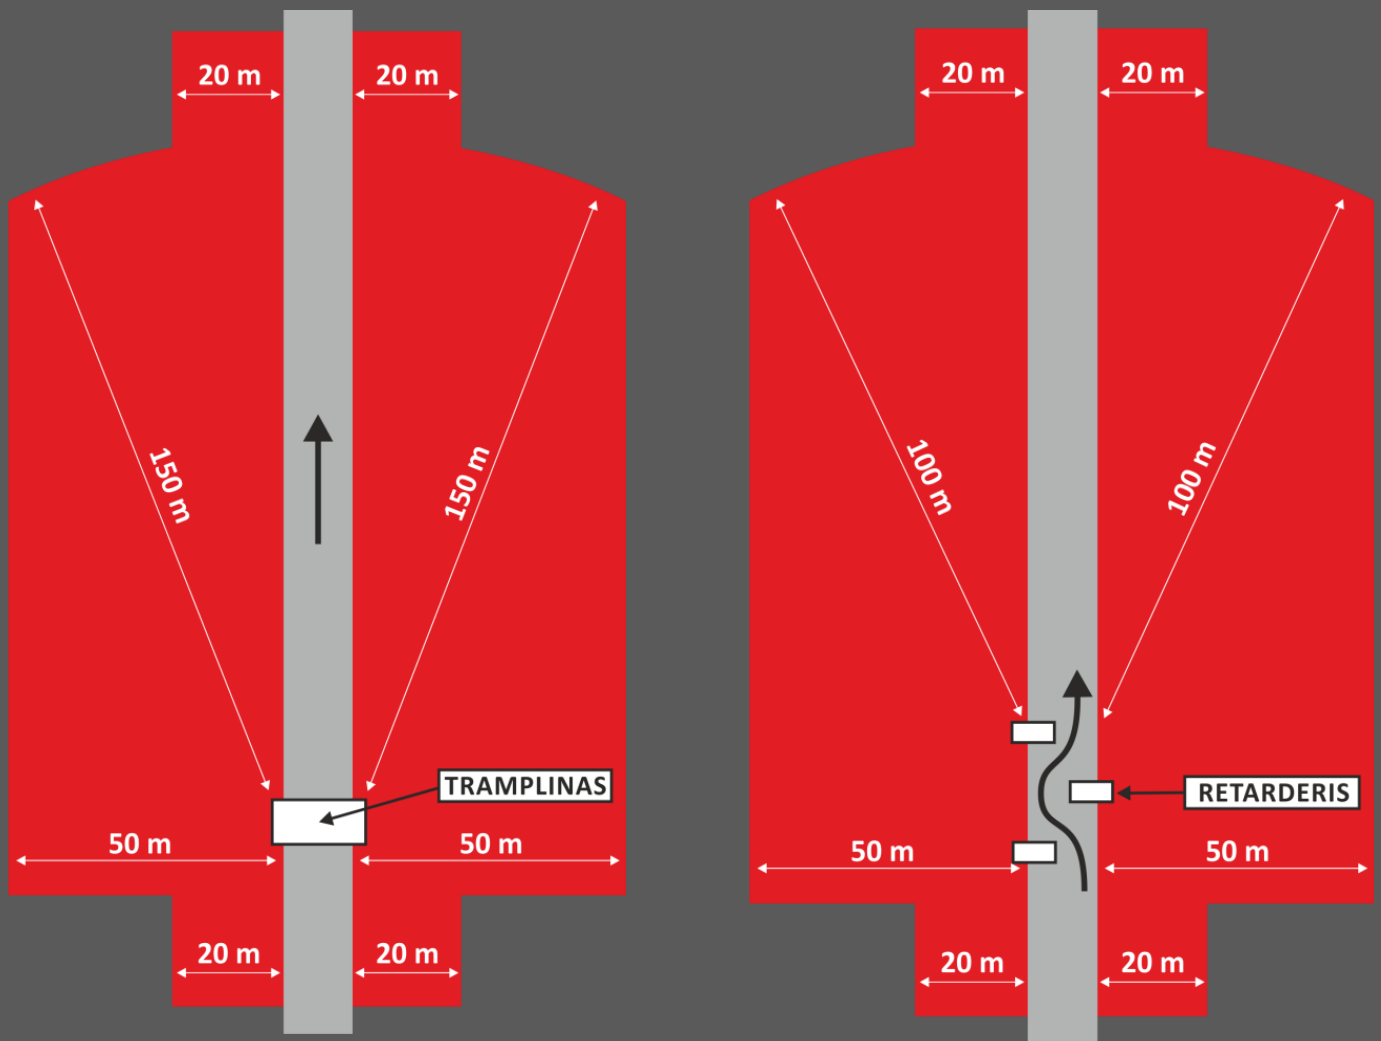

### ***90° or tighter corner (junction)***

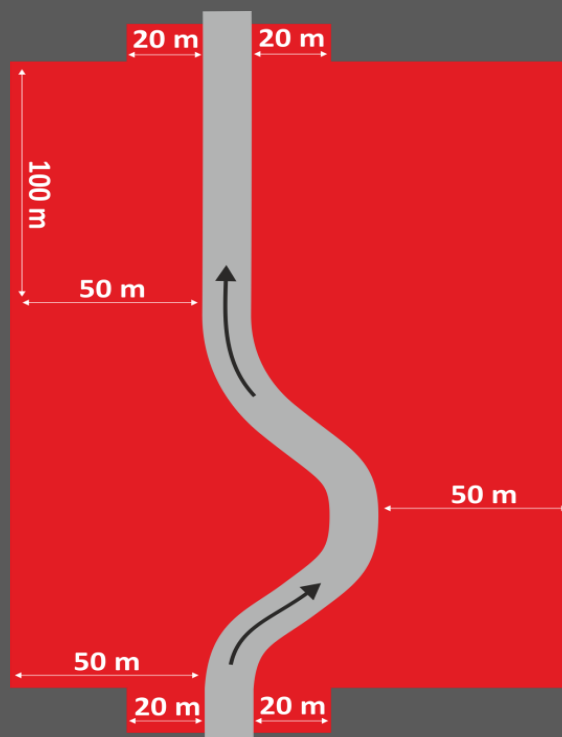

### ***Corner greater than 90° (junction)***

### *Jump and chicane on a straight section of the Route*

### *Sequence of corners*

## MODEL RULES OF CONDUCT FOR SPECTATORS

---

- The safest way to watch a rally is from designated spectator areas.
- Always keep a safe distance from the route. Do not go beyond the safety tape or barriers.
- Safety tape marks only the locations of critically dangerous areas. Watching a rally is dangerous in all locations except designated spectator areas specifically prepared for spectators.
- Always stand at a safe distance from the route. Remember — a car may leave the road instantly and unexpectedly.
- Pay attention to signs marked “No Go”, “Prohibited Area” and “Danger Area”. Together with safety tape, these signs clearly indicate dangerous areas and the minimum distance that must be maintained from the route.
- During the rally, do not stand on the outside of a corner, or in areas immediately after a corner and/or a jump.
- Never stand below road level. Rally cars often leave the road in such areas.
- During the rally, never turn your back to the route. Always keep the approaching car in sight.
- Plan in advance a place where you can move away immediately if necessary. Do not stand next to obstacles such as fences, dense bushes, walls or similar objects that may make it difficult to move away.
- During the rally, never walk on the route and under no circumstances drive your own car on a special stage. During the rally, crews start at one-minute, and sometimes two-minute, intervals. Even knowing this, remember that during the competition the time gap between crews may be significantly reduced for various reasons.
- You may leave or drive out of the special stage only after the “sweeper car” has passed — the safety marshals’ vehicle with green flashing lights or a green flag. Until the sweeper car has passed, movement along the special stage is strictly prohibited.
- During the rally, never leave children or pets unattended.
- During the rally, do not consume alcoholic beverages, narcotic substances or any other psychoactive substances.
- Strictly and unconditionally follow the instructions of route safety personnel, police officers and marshals.
- If you notice persons violating the rally spectator rules, warn them accordingly. If this does not help, report the offender to the nearest security officer or marshal.
- While the competition is taking place, never lose vigilance: always expect the unexpected, and always try to hear and see the rally car approaching along the route.

- Respect other people's property and nature. Take your litter with you, do not trample crops, do not light fires, and do not damage route equipment such as signs, boards, panels or other markings.
- Park cars only in parking areas designated by the organiser. If parking on side roads, leave vehicles only on the right-hand side of the road when facing towards the special stage. It is recommended to turn the vehicle around immediately in the direction of exit.
- Every person who voluntarily violates any of the above-mentioned points is responsible for their own safety.
- Remember that due to inappropriate spectator behaviour, competition officials may cancel a special stage.
- Plan a place where you can move away quickly and safely, even if you believe that you are standing at a safe distance from the route.
- Never stand with your back turned to the route on which competition cars are driving.
- Never stand on the outside or inside of a corner, or after a jump. The first 50–70 metres immediately after a corner and both sides of the road after a jump are especially dangerous.
- Spectators and residents must under no circumstances leave children unattended during the competition, otherwise you may regret it for the rest of your life.
- If no approved spectator areas are designated during the competition, the competition may be watched and vehicles may be parked only with the consent of the landowner.
- A spectator watching a motorsport event, including a rally, must, for their own safety, be aware of the specifics of this sport and of the spectator's responsibility as provided for in the Law on Sport of the Republic of Lithuania.

**"During the event or competition, sports fans and spectators must be provided with the opportunity to familiarise themselves with the competition safety requirements. If sports fans or spectators fail to comply with the established competition safety requirements and public order rules, the organiser shall not be liable for any damage suffered by the spectator and/or caused to others."**

- Spectators may also watch the competition from other locations, but only after familiarising themselves with these Rules and complying with the requirements set out herein.
- While watching the competition, it is prohibited to consume alcoholic beverages or psychotropic substances. It is also prohibited to be present in the spectator area while under the influence of the above-mentioned substances.
- Spectators' attention and line of sight must be focused on the car approaching along the route. This allows any potential danger to be noticed at a very early stage and enables spectators to move to an even safer location.

## SPECTATOR GUIDE

---

- ✓ **Plan your arrival in advance.** Special stages are closed 1 hour before the start of the first competition car, so please arrive at your chosen spectator area early. If you are late, access to your preferred location may no longer be possible.
- ✓ **Check the rally programme.** Before setting off, review the special stage times, spectator areas, access roads and possible traffic restrictions. The schedule may change on rally day, so please follow the official information.
- ✓ **Use official information channels.** Up-to-date information, documents, announcements and changes are published in the Sportity app. Password: RZ2026.
- ✓ **Prepare for travelling on gravel roads.** Spectator areas are often located outside town centres, so it is worth assessing the road surface, traffic flow, parking options and walking time to the viewing location.
- ✓ **Park only in designated areas.** Parking during the rally may be limited, so please follow road signs, organiser information and the instructions of volunteers. Do not leave your vehicle in a place where it may obstruct traffic, local residents, emergency services or other spectators.
- ✓ **Have cash and take care of your phone.** In some areas, mobile signal may be weaker or card payments may not be available. A charged phone, a power bank and a small amount of cash are little things that can be very useful on rally day.
- ✓ **Dress according to the weather, not the calendar.** The weather in Žemaitija can be full of surprises. Comfortable footwear, a raincoat, a sun hat, a warmer layer or spare socks may turn out to be the best decision of the day.
- ✓ **Bring water and snacks.** A rally is a long day outdoors. Bring water and light snacks, especially if you plan to watch several special stages.
- ✓ **Respect local residents and the environment.** The rally takes place not only on the route, but also near people's homes, fields, forests and private property. Do not leave litter, damage vegetation, drive across crops or behave in a way that would make the rally unwelcome in future years.
- ✓ **Follow the progress of the rally.** Results, changes, delays or cancellations should be followed through official channels. A rally is a living organism — sometimes it changes faster than the weather in Žemaitija.
- ✓ **Get ready for the emotion.** The best photos, sounds and memories are created when you are prepared: arriving on time, finding your place, having enough energy and tuning in to the rhythm of the rally.

### KAIP RŪŠIUOTI?

#### Į POPIERIAUS KONTEINERĮ MESTI:

Dideles, į konteinerius netelpančias dėžes, išlankstykite, sukarpykite taip, kad tilptų.

#### Į PLASTIKO KONTEINERĮ MESTI:

#### Į STIKLO KONTEINERĮ MESTI:

Už išrūšiuotų popieriaus, plastiko, stiklo atliekų tvarkymą gyventojams mokėti nereikia. Už neišrūšiuotas – reikia.

#### Į MAISTO ATLIEKŲ KONTEINERĮ MESTI:

Maisto atliekas rinkite į maišelius. Prieš išmesdami juos sandariai užriškite.

Į tekstilės atliekų konteinerius meskite tik tinkamus dėvėti drabužius, batus ir kitą tekstilę.

#### Į MIŠRIŲ ATLIEKŲ KONTEINERĮ MESTI TIK TAI, KAS LIEKA PO RŪŠIAVIMO:

Įšrūšiuotoms atliekoms visada užteks vietos konteineriuose!  
Jokių atliekų nedėkite prie konteinerių - už tai gresia piniginės baudos!  
Didelių gabaritų atliekas vežkite į rūšiavimo centrus (atliekų surinkimo aikštes).
