

## Welcome Message

Bath Motor Club welcome's you to a spectacular day of motorsport with viewing at around 50% of the circuit. The event today, sponsored by David Appleby Engineering and Yellow Box Solutions contains 8 special stages where cars are timed to the tenth of a second. They will leave the start line at 30second intervals over an average stage length of 5 miles. There will be plenty for all the family to enjoy. As the day gets to the last two stages, it will be almost dark, so further challenges await them as they complete the last stages in the dark with Spot lights a blaze.

This event is known as a single venue rally, simply because we stay in one venue for the duration. Many rallies are multi venue, where you see the rally cars transverse the public highway at normal traffic speed along with the general public to get to the next venue.

How can I understand who is leading the rally, you may ask. This you can do by using the link below, this will give you live results.

<https://rallylivetiming.info/livetiming/event/1001219>

Should you be interested in getting involved in motorsport, should it be socially, marshalling or competing, why not log onto the Bath Motor Club website and have a browse. If you feel like you wish to join the club, please follow link to membership, we would make you very welcome.
