

## Bulletin 5 - Refueling

To: All Competitors/ Crew

From: Clerk of Course

Number of Pages: 1 Attachments: 0

### 1 Refueling

Copperhill Veterans Day Rally will not have a designated refueling zone as defined in NASA Rally Sport General Regulations for Rallies Article 2.12.1.4.

Instead, refueling is permitted within your designated service spot according to the following provisions:

1. A fire extinguisher is required to be held by a member of the Crew or a Service Crew member during refueling.
2. The engine must not be running during refueling.
3. The Crew's belts must be completely unbuckled if they are inside the car during refueling.
