**Issue Description**

The control worker wrote the wrong start time, so I gave the time card back for them to fix it. By the time they fixed it and gave our time card back, our start minute had passed. The control worker told us to "just go" and said that they had made a note of it on their sheet. Our start time was supposed to be 13:00:00 but we didn't actually get to start until 13:00:25.

**Rationale**

It was a mistake that was out of our control.

**Referenced Rules****Desired Action**

Subtract 00:00:25 from our stage time on SS2 Gypsum-Belltown.
