## "ORLEN LIETUVA" RALLY INVITES BOTH RACERS AND RALLY FANS

On July 12 and 13, the Mažeikiai Motor Sports Club invites all speed lovers to the 3rd event of this year's Lithuanian car rally championship - the "ORLEN Lietuva" rally." I would like to thank our main sponsor "ORLEN Lietuva" and Mažeikiai Municipality for their support - their contribution continues to enable us to offer spectators a free event, so we hope that many true rally fans will flock to the Mažeikiai region in mid-July. Although this year's rally cannot be associated only with Mažeikiai - part of the stages will also run in Akmenė district, and the novelty of the rally will be the special stages on the gravel roads of Telšiai district," says the main organizer of the rally, the head of ASK Mažeikiai, Vitalijus Plastininas.

### The dessert of the first day – jump on the special stage in the city

The square near the Mažeikiai Cultural Center on Naftininkų Street will probably become the city's biggest attraction this weekend. On Friday, July 12, at 5 pm, the ceremonial opening of the rally will take place on this square, after which the crews will complete 5 special stages. This is, the teams will not be able to use the services of the mechanics in the service zone until late Friday evening - until then they will have to complete the gravel stages of 3.88 km and 9.13 km twice. These special stages are familiar, but the organizers have also found new interesting places and changed the direction in some places, so that maximum concentration will be required from the start of the race.

Most spectators will probably be at the last Friday special stage in Vieکشnai. In this town, which has been the heart of the most important races in the region for many years, all the crews will gather and wait for the start of the 5th special stage. The competitors will start in reverse order: spectators will see the fastest crews after 22:00, as the first ones will start at 21:30. This urban special stage, which is 1.04 km long, will not be an easy or simple task, as the rally organizers have managed to fit all possible elements of the rally into this one kilometer. There will be asphalt and gravel surfaces. Vieکشnai have a natural gravel jump in the city, so the cars of all participants should fly there. "We think that the special stage will be the icing on the cake for Friday. And to make it even more fun for the inhabitants of Vieکشnai and the fans of the rally, the music group "Vyšnios" will perform in Vieکشnai, promises V. Plastininas.

### The second day promises more kilometers

On Saturday, July 13, the crews will set off on the 11.26 km long special stage from 11:00 a.m. "For the first time in the history of this rally, we will be traveling to the Telšiai region," says Edvinas Vašteris, head of the rally route and safety. - The 6th and 8th stages of the rally will be quite fast, but difficult enough, so this section will require maximum concentration. And the 7th and 9th special stage will be narrower - most of the routes go through the forest, so the crews will have to do reece very precisely. As no races have taken place on these sections, it will be a challenge for everyone, but it should be a very good and exciting challenge."

The crews will also have to cover the last two stages of the "ORLEN Lietuva" rally - 6.84 km and 11.45 km - twice each. The last part of the rally will start at around 16:00, and the winners will be congratulated at around 18:20 in Mažeikiai.

In total, the crews will have to drive almost 104 racing kilometers over 13 special stages in the "ORLEN Lietuva" rally. It will be very important to properly prepare the cars for the start of the rally, as there will be no opportunity for repairs on the first day - the service is scheduled only after the fifth special stage. And on Saturday, longer sections and a relatively high risk of damaging the cars await the crews.

The organizers of the "ORLEN Lietuva" rally are ready to accept up to 75 crews. Since only the most capable rally champions in the country and abroad will take part in this competition, spectators will get to see the best rally drivers. Last year, the "ORLEN Lietuva" rally was confidently won by the crew of Martynas Samsonas and Ervinas Snitkas, while 46 crews crossed the finish line and 13 did not finish the race for various reasons.

There will certainly be no shortage of innovations at this year's "ORLEN Lietuva" rally: Crews should like the new routes, the shakedown will also be unusual and all motorsport fans should remember that this race is free, so we invite you to plan your trip on July 12 and 13 to the Mažeikiai. The band "Filtered Tools" will close the rally celebration on Saturday evening.
