Despite the organizers taking all reasonable precautions, unavoidable accidents can happen. In respect of these you are present at your own risk

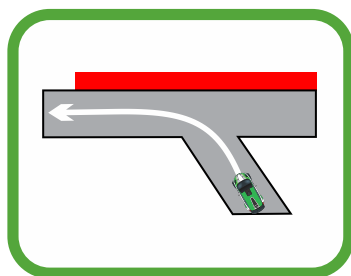

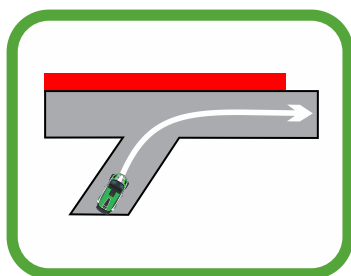

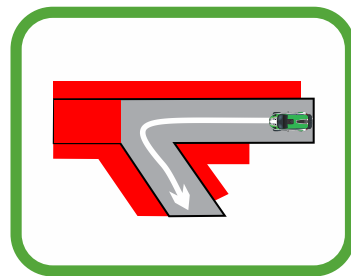

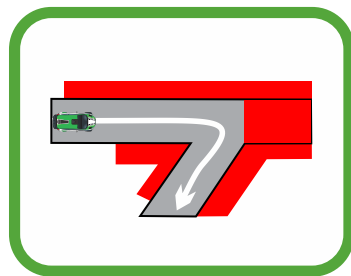

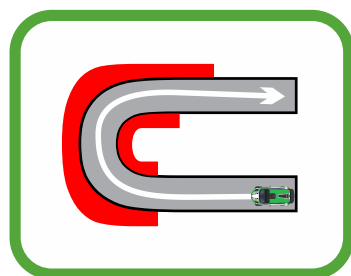

ATTENTION

Prohibited and dangerous spectating areas are marked in **RED**. Spectators are allowed to watch the rally only from secure places

**AREAS MARKED WITH THIS
SIGN ARE DANGEROUS**

Dear participants, spectators of „ORLEN Lietuva Rally 2024“ and all motor sport fans,

This year, Lithuanian Automobile Rally A League Championship will be roaring in Samogitia for the fourth time. This event is not only the capstone of passion for racing and speed, but also a community gathering full of excitement, excellence and courage.

I am sure that motor sport is not just a hobby or leisure for you - it is your way of life. Speed, precision, turns, excitement, preparation, start and finish lines.

We are proud that Rally held this summer in Mažeikiai promotes the name of 'ORLEN Lietuva'.

My words of appreciation and welcome to the participants and organizers of 'ORLEN Lietuva Rally 2024'!

I wish strong tyres to the drivers, precision in guidance to the navigators, exciting view to the fans and best of luck to the organizers to manage this roaring speed.

Good start and victorious finish!

AB „ORLEN Lietuva“ General Director Marek Pawel Gołębiewski

Dear rally participants, spectators, organizers,

In the middle of summer, in July, the engines of the sports cars in Mažeikiai district will be running again and the residents and guests of the district will be invited to the traditional "ORLEN Lietuva" Rally 2024.

The crews will take part in the third event of the Lithuanian Car Rally Championship and will drive on the roads of Mažeikiai and neighboring districts, which will provide you with speed and unique views of the special stages and corners in them.

I believe that this annual rally will not only attract a large group of participants who are ready to give their best on the roads of the district and the surrounding area. We also expect a large number of spectators who will watch the crews on the stages, see them off at the start ceremony and meet them at the finish line.

I congratulate everyone and wish the crews sporting excitement, the pursuit of victory, safe driving and a successful finish. And to the spectators a unique spectacle and indelible impressions and to the organizers a successful job.

Mayor of Mažeikiai district municipality Rūta Matulaitienė

Greetings from the mayor of Akmenė district municipality

A summer full of colors, sounds and smells lured rally enthusiasts to the special stages. Motorsport enthusiasts will once again compete to see who is faster, who can drive better, who is luckier and who will put their skills behind the wheel to the test. And the numerous spectators will enjoy the roar of the engines and the skill of the drivers...

Dear rally organizers, participants, spectators and all fans of motorsport! I sincerely wish you unfading enthusiasm, beautiful views and good fortune. May you have the pleasure of seeing the rally route winding through the outskirts of Akmenė. Through the land of extraordinary nature with unique limestone and clay quarries, modern and flourishing industry, hardworking and resourceful people!

I wish the rally participants inextinguishable enthusiasm and good luck. Endurance and foresight for the organizers. Everlasting impressions and new encounters for the spectators. And many more rallies in the Akmenė region in the future!

Mayor of Akmenė district municipality Vitalijus Mitrofanovas

Dear rally participants and spectators,

I am pleased that the third event of the Lithuanian Rally Championship will start this year in Žemaitija, in the Degaičiai eldership of Telšiai District.

Rally events, which attract more and more attention from crews and spectators, provide adventurous and unforgettable moments, promote a sense of responsibility and self-protection, and encourage us to think about the safe behavior of each of us on the road. Rally drivers are infectious examples of drive, focus and endurance. It is a great opportunity for racers to demonstrate their high level of skills, strong character and driving skills.

I congratulate the participants of the III event of the Lithuanian Rally Championship! I hope that you will continue to be victorious, make the name of your country known and reach new sporting heights.

I would like to thank the motorsport enthusiasts who put a lot of passion and effort into making the rally stages safe and interesting, winding along the memorable roads of Lithuania.

I wish you all an interesting and safe journey!

Mayor of Telšiai district municipality Tomas Katkus

"ORLEN LIETUVA" RALLY INVITES BOTH RACERS AND RALLY FANS

On July 12 and 13, the Mažeikiai Motor Sports Club invites all speed lovers to the 3rd event of this year's Lithuanian car rally championship - the "ORLEN Lietuva" rally." I would like to thank our main sponsor "ORLEN Lietuva" and Mažeikiai Municipality for their support - their contribution continues to enable us to offer spectators a free event, so we hope that many true rally fans will flock to the Mažeikiai region in mid-July. Although this year's rally cannot be associated only with Mažeikiai - part of the stages will also run in Akmenė district, and the novelty of the rally will be the special stages on the gravel roads of Telšiai district," says the main organizer of the rally, the head of ASK Mažeikiai, Vitalijus Plastininas.

The dessert of the first day – jump on the special stage in the city

The square near the Mažeikiai Cultural Center on Naftininkų Street will probably become the city's biggest attraction this weekend. On Friday, July 12, at 5 pm, the ceremonial opening of the rally will take place on this square, after which the crews will complete 5 special stages. This is, the teams will not be able to use the services of the mechanics in the service zone until late Friday evening - until then they will have to complete the gravel stages of 3.88 km and 9.13 km twice. These special stages are familiar, but the organizers have also found new interesting places and changed the direction in some places, so that maximum concentration will be required from the start of the race.

Most spectators will probably be at the last Friday special stage in Vieکشnai. In this town, which has been the heart of the most important races in the region for many years, all the crews will gather and wait for the start of the 5th special stage. The competitors will start in reverse order: spectators will see the fastest crews after 22:00, as the first ones will start at 21:30. This urban special stage, which is 1.04 km long, will not be an easy or simple task, as the rally organizers have managed to fit all possible elements of the rally into this one kilometer. There will be asphalt and gravel surfaces. Vieکشnai have a natural gravel jump in the city, so the cars of all participants should fly there. "We think that the special stage will be the icing on the cake for Friday. And to make it even more fun for the inhabitants of Vieکشnai and the fans of the rally, the music group "Vyšnios" will perform in Vieکشnai, promises V. Plastininas.

The second day promises more kilometers

On Saturday, July 13, the crews will set off on the 11.26 km long special stage from 11:00 a.m. "For the first time in the history of this rally, we will be traveling to the Telšiai region," says Edvinas Vašteris, head of the rally route and safety. - The 6th and 8th stages of the rally will be quite fast, but difficult enough, so this section will require maximum concentration. And the 7th and 9th special stage will be narrower - most of the routes go through the forest, so the crews will have to do reece very precisely. As no races have taken place on these sections, it will be a challenge for everyone, but it should be a very good and exciting challenge."

The crews will also have to cover the last two stages of the "ORLEN Lietuva" rally - 6.84 km and 11.45 km - twice each. The last part of the rally will start at around 16:00, and the winners will be congratulated at around 18:20 in Mažeikiai.

In total, the crews will have to drive almost 104 racing kilometers over 13 special stages in the "ORLEN Lietuva" rally. It will be very important to properly prepare the cars for the start of the rally, as there will be no opportunity for repairs on the first day - the service is scheduled only after the fifth special stage. And on Saturday, longer sections and a relatively high risk of damaging the cars await the crews.

The organizers of the "ORLEN Lietuva" rally are ready to accept up to 75 crews. Since only the most capable rally champions in the country and abroad will take part in this competition, spectators will get to see the best rally drivers. Last year, the "ORLEN Lietuva" rally was confidently won by the crew of Martynas Samsonas and Ervinas Snitkas, while 46 crews crossed the finish line and 13 did not finish the race for various reasons.

There will certainly be no shortage of innovations at this year's "ORLEN Lietuva" rally: Crews should like the new routes, the shakedown will also be unusual and all motorsport fans should remember that this race is free, so we invite you to plan your trip on July 12 and 13 to the Mažeikiai. The band "Filtered Tools" will close the rally celebration on Saturday evening.

**MOTORSPORT CAN BE
DANGEROUS!**

SAUGUMO TAISYKLĖS ŽIŪROVAMS

!!! Atvykę stebėti lenktynių pasirinkite vietą pastatyti automobiliui taip, kad šis netrukdytų kitų transporto priemonių judėjimui ir būtų saugiu atstumu nuo trasos.

!!! Nesivežkite su savimi naminių gyvūnų. Jie gali netikėtai išbėgti į trasą! Nepalikite be priežiūros vaikų. Dideliu greičiu skriejantis sportinis automobilis tikrai nespės laiku sustoti!

!!! Pasirinkite ir užsiimkite stebėjimo vietą iš anksto. Tada Jums nereikės važiuoti ar eiti ieškoti įspūdingų vietų pastoviai dairantis, ar už nugaros nepasirodys dideliu greičiu skriejantis sportinis ar saugos teisėjų automobilis.

!!! Visada laikykitės nuo trasos saugiu atstumu. Yra buvę atvejų, kai automobilis išlėkdavo iš trasos pačiose netikėčiausiose vietose ir nuskriedavo gana toli už trasos ribų, o laiko priimti sprendimams dėl savo saugumo lieka labai nedaug... Įvertinkite tai renkantis vietą stebėjimui. Pavojingos vietos būna atitvertos STOP juostomis ir pažymėtos ženklais su užrašu „Pavojinga zona“. Šiose vietose stovėti kategoriškai draudžiama.

!!! Niekuomet nestovėkite nugara į trasą. Atsiminkite, kad atskriejančio nevaldomo automobilio galite neišgirsti. Visada stebėkite lenktynių automobilį, net jei šis atrodo lėtas.

!!! Pavojingiausia vieta - už posūkio ar tramplyno. Labiausiai pavojingi 50 – 70 metrų, esantys iškart po posūkio ar tramplyno abejose trasos pusėse. Leidžiantis nuo tramplyno po šuolio (ar po posūkio) automobilis gali staiga pakeisti trajektoriją. Tai gali nutikti dėl gedimo ar ekipažo padarytos klaidos. Nevaldomas automobilis gali nusiridenti daugiau nei 100 metrų bet kuria kryptimi.

!!! Visada pakluskite teisėjų, policijos ir saugos darbuotojų bei kitų oficialių varžybų asmenų rekomendacijoms ir reikalavimams. Jei įmanoma, padėkite jiems vykdyti darbą susijusį su Jūsų ir kitų saugumu.

!!! Neišvažiuokite į kelią iki pravažiuos ją atidarantis visuomeniniam judėjimui saugos automobilis (šluota) - paprastai tai automobilis su žaliais įspėjamaisiais švyturėliais arba žalia vėliava.

!!! Jeigu jūs vyksite keliais, kuriais eina ralio maršrutas, būkite dėmesingi ir atsargūs. Atminkite, kad dalyviai turi atvykti į kontrolės punktus griežtai pagal grafiką, ir bet koks vėlavimas gali labai įtakoti jų rezultatus. Stenkitės judėti trasoje tik pagal sportinio kanalo judėjimo kryptį, kadangi netikėtai galite iš priekio sutikti vėluojantį pagal grafiką sportinį automobilį.

!!! Prisiminkite, kad greičio ruožas gali būti atšauktas dėl nesaugaus žiūrovų elgesio, todėl gerbkite varžybų dalyvius ir kitus žiūrovus.
