

SHROPSHIRE COUNCIL

ROAD TRAFFIC REGULATION ACT 1984 – SECTION 16A

as amended by the Road Traffic Regulation (Special Events) Act 1994

THE SHROPSHIRE COUNCIL (HILLS FORD STAGES ROAD RALLY, SHROPSHIRE) (TEMPORARY PROHIBITION OF VEHICULAR TRAFFIC, PEDESTRIANS AND CLEARWAY) ORDER 2026 ("Order")

Shropshire Council (the "Council") being the highway authority for the lengths of road specified in the Schedule to this Order is satisfied that traffic on those lengths of road should be prohibited and restricted for the purpose of facilitating the holding of a relevant event, namely a competitive stage motorsport rally (the "Event"), on or near those lengths of road, and to enable members of the public to watch the Event safely.

The Council is satisfied that it is not reasonably practicable for the Event to be held otherwise than on a road.

The Council, therefore, in exercise of its powers under Section 16A of the Road Traffic Regulation Act 1984 as amended, and any other enabling powers, makes the following Order:—

This Order is made in the interest of public safety to facilitate the holding of the Event and to enable members of the public to watch the Event safely.

Citation, Commencement and Duration

1. The Shropshire Council (Hills Ford Stages Rally, Shropshire) (Temporary Prohibition of Vehicular Traffic, Pedestrians and Clearway) Order 2026
2. The Order will come into operation at **05:00 hours on 20 September 2026** and remain in force until **20:00 hours on 20 September 2026**, or until the Event is concluded, whichever is the earlier.

Interpretation

3. In this Order, except where the context otherwise requires:
 - **"the Event Plan"** means the drawing/plan numbered 'SS6_SS11 Clee Hill', 'SS5_SS10 Cressage', 'SS8_SS13 Dorrington', 'SS7_SS12 Lawley', 'SS9_SS14 Linley', forming part of this Order and available from Shropshire Council;
 - **"operational hours"** means the time during which the Event is taking place and runs from 05:00 hours on 20 September 2026 and remain in force until 20:00 hours on 20 September 2026, or until the Event is concluded, whichever is the earlier.
 - **"Red Routes"** means the lengths of road and public rights of way indicated in red on the Event Plan and are fully closed during live competitive stages and are set out in Part I of the Schedule to this Order;
 - **"Green Routes"** means the adjoining, connecting, or feeder roads indicated in green on the Event Plan and designated as managed access routes under this Order as set out in Part I of the Schedule to this Order;

- **"the One-Way Road"** means the length of road specified in Part II of the Schedule to this Order, where vehicular traffic is temporarily restricted to traveling in one direction only, or as directed by an event marshal or police constable in uniform;
- **"permitted vehicle"** means any vehicle officially engaged in the organisation, management, safety vetting, or live competitive running of the Event, displaying official identification issued by the Event organisers;
- **"emergency vehicle"** means a vehicle being used for police, fire brigade, or ambulance purposes.

Prohibition of Vehicular Traffic and Pedestrians (Red Routes)

4. Save as provided in Article 7 of this Order, no person shall cause or permit any vehicle, equestrian, or pedestrian to enter, proceed, or remain along the designated **Red Routes** during the operational hours of this Order.

Clearway Restrictions (Red Routes)

5. Save as provided in Article 7 of this Order, a temporary clearway system shall be established on all designated **Red Routes**. No person shall cause or permit any vehicle to wait, stop, load, or unload on the main carriageway, verges, footways, or lay-by areas of the Red Routes at any time during the operational hours of this Order.

Temporary One-Way Traffic Restriction

6. Save as provided in Article 7 of this Order, no person shall cause or permit any vehicle to proceed along the road specified in Part II of the Schedule to this Order in any direction other than that given in Part II of this Order, during the operational hours of this Order.

Managed Access and Access Windows (Green Routes and Red Routes)

7. To facilitate local movement between the morning and afternoon competitive runs of the Event, access shall be governed as follows:
 - a. (a) **Green Routes** shall remain open to local residents, businesses, and authorised users subject to managed traffic control, stewarding, or marshalling on site.
 - b. (b) No vehicle, pedestrian, or equestrian travelling along a **Green Route** shall be permitted to enter or cross any adjoining **Red Route** during live competitive stage runs.
 - c. (c) Controlled vehicular and pedestrian access windows across or along specific **Red Routes** shall be permitted exclusively:
 - i. (i) prior to the commencement of the morning competitive run;
 - ii. (ii) during the scheduled mid-day intermission between the morning and afternoon competitive runs; and
 - iii. (iii) as soon as the Clerk of the Course has declared the stage clear of all competing and official vehicles following the conclusion of the afternoon competitive run.

- d. (d) All movements within the access windows described in Article 7(c) must be explicitly authorised, timed, and supervised by an official Event marshal or police constable in uniform.

Relocation of Vehicles

8. (a) Where a vehicle is left in contravention of any provision of this Order, a Civil Enforcement Officer, a Police Constable in uniform, or any person authorised by the Council may remove the vehicle or arrange for its removal from that road in accordance with the provisions of the Removal and Disposal of Vehicles Regulations 1986 (as amended).
- (b) Without prejudice to the generality of 8(a), if it appears to a person authorised by the Council or the event Clerk of the Course that a vehicle has been left on the road in contravention of this Order, they may alter or cause to be altered the position of the vehicle, or remove or arrange for the removal of the vehicle to a safe place as near to the original location as possible to ensure the safety of the event.

Alternative Routes

9. During the operational hours of this Order, alternative routes for through-traffic affected by the closures specified in Part I of the Schedule shall be signed on-site using standard highway diversion signage and as indicated on the Event Plan.

Exemptions

10. Nothing in Articles 3, 4, 5, 6, 7 and 8 of this Order shall apply to:
- (a) Any emergency vehicle acting in the execution of its duty;
 - (b) Anything done with the permission or at the absolute direction of a police constable in uniform or an official Event marshal acting under the authority of the Clerk of the Course;
 - (c) Any permitted vehicle engaged in the active operation, timing, or safety management of the motorsport event.
