Welcome to the 33rd Ondrej Nepela Memorial!

Dear athletes, coaches, and fans,

Welcome to Bratislava for the 33rd edition of the Nepela Memorial – a competition honoring our Olympic champion and legend of figure skating.

Since 2014, this event has been part of the ISU Challenger Series, bringing together skaters from around the world. It offers a valuable chance to showcase programs, earn points, and share the joy of figure skating on an international stage.

Ondrej Nepela's legacy – **Olympic gold** in 1972, five European and three World Championship titles – continues to inspire us all.

As this marks the start of the Olympic season, we wish every skater the very best beginning and a successful journey ahead.

Enjoy your time in Bratislava!

Peter Majerník
President
Slovak Figure Skating Association
