Selective Section 1 stopped for Group TRUCK vehicles

Considering

- that the start of SS1 was interrupted after the start of the first car (#229) to allow the medical means at the location to render assistance to a spectator that suffered an accident,
- that the start of SS1 was interrupted by 1 hour
- the length of the selective stage
- the characteristics of the track on the last part of the stage (narrow, dusty, ...)
- the risks involved in night driving for a high number of crews,

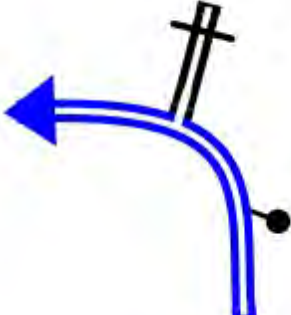

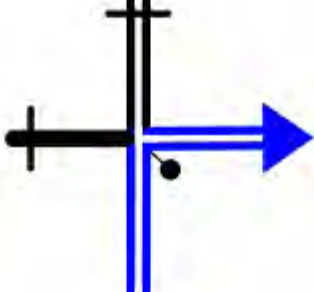

For safety reasons it is decided to stop SS1 for Group TRUCK vehicles at PC2 (km 280,69)

From PC2, Group Truck competitors must follow the alternative road book attached.

For Group TRUCK competitors, the road section from PC2 to TC Bivouac is **195,48** km long and the time allowed is **03:00:00**. Early check-in at TC Bivouac is permitted.
