

ENVIRONMENTAL GUIDE FOR TEAMS

- ⦿ The use of ground covering or environmental mats is mandatory in the Service Park;
- ⦿ Service teams must transport fuel containers using carts, so as not to damage the ground coverings/environmental mats provided by the organization in the refueling area;
- ⦿ It is essential to avoid spills of fuel, oil, cleaning liquids, degreasers, cooling fluids, brake fluids, to prevent them from infiltrating the soil or evaporating into the air;
- ⦿ In the Service Park, the organization will provide teams with several ECOLOGICAL ISLANDS, to facilitate the disposal of hazardous or contaminated waste: used oils, oil filters, contaminated absorbente cloths or fabrics, used tires, used batteries, etc.;
- ⦿ Each competitor is responsible for the solid waste generated by their team during the event, and should use recycling bins for the selective separation of these waste materials (plastic/metal, cardboard/paper, glass, organic/undifferentiated waste);
- ⦿ Contribute to the reduction of paper and ink usage by using the oficial digital channel – Sportity App (Password: CPKA);
- ⦿ Practice eficiente driving outsider of the timed stages, reducing noise pollution and the emission of pollutants;
- ⦿ In order to learn about and comply with the Code of Conduct in Protected and Classified Areas, teams must acess: <https://www.icnf.pt/turismodenatureza/codigosdeconduta>.
- ⦿ When travelling, prioritize carpooling for team members.

Any environmental incident should be reported to: +351 914 922 936
