

Birr & District Motor Club Endurance Trial Sunday 11th October 2026

Press Release 1

22nd Sept 2026

All systems are GO for the upcoming Birr & District Motor Club Endurance Trial on Sunday 11th October!

The event is under the leadership and guidance of well-known Endurance Trial stalwart Eoin Stapleton and his team, with new selectives in store as well as elements of some classic tests, in the Offaly, Galway and North Tipperary area.

Speaking about the event Eoin commented “it’s been a pleasure to be involved in leading up the Endurance Trial this year. I have a great and hard-working team around me with vast experience in this discipline. We have picked some new tests which we know competitors are going to love as well as some bits of old favourites, with a mix of surfaces. The tests are predominantly in the Offaly, Galway and North Tipperary area. We are very grateful to the local landowners for hosting us and for their enthusiasm to facilitate our event, we couldn’t run such an event without their help”.

There is also a new event headquarters this year, in Lusmagh GAA Club, which is ideally situated between all the tests. The Motor Club would like to express their gratitude to the community for welcoming them in.

Regulations and entry forms are available — check out the Birr & District Motor Club website, social media channels and Sportity using “BirrEndurance26”.
