HOW IT WORKS

Your vehicle is handed to you at the event paddock, Parque de Feiras e Exposições in Grândola, ready to ride, at any point between 8 and 18 October. Our team is on site for the full event week, so support is a few metres from where you are based. No transfer to Lisbon, no time lost on arrival or departure day.
Availability is limited to these three models and allocated on a first-come basis.

BOOKING GUARANTEE

On-site delivery in Grândola is confirmed once a minimum volume of bookings is reached. Each person who have previoulsy booked for our service will be directly informed by us by email. If it is not confirmed, your booking automatically converts to collection at our Lisbon Castilho station at the standard station rate, with the price difference refunded in full – or you may cancel free of charge. Either way, you are not left without a vehicle.

PREFER TO COLLECT IN LISBON, OR WANT A DIFFERENT MODEL?

Our Lisbon Castilho station is a one-hour ride from Grândola and carries the full Europcar Bikes fleet, including BMW R 1300 GS, Ducati Multistrada V4, Honda Africa Twin, the complete scooter range and e-bikes. Collect on arrival, ride down through the Alentejo, and return the vehicle in Lisbon at the end of your stay. Standard station rates apply – contact us for availability during the event period.
