Driver Name	Tom Clarke – Club Exmouth Motor Club Championship - ASWMC

	Tom Clarke has built the car with help from Eastab Brook motorsport fabrication and Historic Motorsport Southwest base just outside Exeter. The car was finished in 2023, and its first event was challenger stages last year, since then we have completed three events this year, starting with winter stages at Brands Hatch. This was a bit of a baptism of ice, since then we have had a run out at Wildlife stages, where we had a fantastic result finishing 21st Overall. Danni Pool has also competed sitting alongside her father over in Epynt, in a 1600 Corsa and competes regularly on targas and road rallying. She's also had a scholarship with Hero ERA competing in some historic regularity events across the country and gaining experience working alongside the MSUK Academy navigators, as a part of her national scholarship she won, the Bob Rutherford historic scholarship for young navigators
