

Castle Combe Circuit Stage Rally 2024 Sponsor

As a Yeovil based company specialising in branded clothing, print, vehicle graphics and signage, we are delighted to be a co-sponsor of the Castle Combe Circuit Stages Rally.

Matt Baker, Operations Director of YellowBox, is a Bath Motor Club member and keen road rally competitor. While chatting to Dave Whittock after a 12-car event, Matt offered to help in some way. After all, the two Daves (Whittock and Appleby) have competed in, represented, worked in and managed the very best rally teams in Europe and indeed the world. So, it was an easy decision to ask Jack Baker, Managing Director of YellowBox, for the budget to support the event.

Matt's first introduction to rallying was the 1978 Welsh, taken by his father-in-law in his Sigma Engineering 1310 Cooper S. Matt recalls: "I will never forget as an eighteen-year-old standing in silence at the dead of night in Clocaenog Forest and hearing the Mikkola 1800 BDG sawing its way through the cold night air, getting ever closer and louder. The lights, sound and speed made an impression that will be etched in my memory forever."

For the Castle Combe Circuit Stages, YellowBox has produced and supplied all event signage, merchandise and the branded clothing for officials. We wish Dave Whittock, Bath Motor Club, Castle Combe Circuit, DAE Engineering and, of course, all the competitors, officials and most importantly the marshals, a very successful and safe event.
