

## Castle Combe Circuit Stage Rally 2024

### Spectators Information - What Are You Going To See Over The Rally Weekend

Excitement is in store for spectators planning to watch the Castle Combe Circuit Stage Rally, running over the weekend of the 28<sup>th</sup> and 29<sup>th</sup> September. Saturday kicks off at 13.30 with cars starting at 30 second intervals on stage 1 of 4 throughout the afternoon. Quarry corner could be the place to watch as cars use the circuit in an anticlockwise direction. The same goes for Camp with an added sting in the tail when they hairpin into the pit lane for the finish.

Sunday action starts at 09.15 with 6 stages all run slightly different but this time running clockwise, with a different start and finish to Saturday. Race spectators already know the thrill cars produce through Camp and Quarry, but rally cars against the clock will produce a lot of sideways action.
