B1-3–Virtual Time Controls

Parc Fermé, and possibly service arrival and exit controls, may be using 'virtual time controls' where the arrival time is recorded when your rally car passes over the timing boards. The correct location will be clearly indicated with arrival control boards labeled 'virtual TC' and will be identified by bulletin before the start of the event.

As a precaution, teams are advised to take a photo that includes their rallysafe unit display and the control boards at their check-in time. This may be used if there is a discrepancy in the time recorded.

B1-3–Contrôles de temps virtuels

Le Parc Fermé, et éventuellement les contrôles d'arrivée et de sortie des services, peuvent utiliser des "contrôles horaires virtuels" où l'heure d'arrivée est enregistrée lorsque votre voiture de rallye passe au-dessus des panneaux de chronométrage. L'emplacement correct sera clairement indiqué avec des panneaux de contrôle d'arrivée étiquetés "TC virtuel" et sera identifié par un bulletin avant le début de l'événement.

Par mesure de précaution, il est conseillé aux équipes de prendre une photo qui inclut leur écran d'unité rallysafe et les tableaux de contrôle à leur heure d'enregistrement. Cela peut être utilisé s'il y a une différence dans le temps enregistré.
