Clerk Communication #4  
20 April 2024, 16:26

The event has received a report that at the start of Stage 3 (Deckerville 43) the crew of Car 269 was not allowed to start the stage on the assigned minute because the co-driver had not correctly fitted his head-and-neck restraint. The crew was assigned the next minute as their new start time. On that minute, with all of their safety gear correctly fitted, they were allowed to start the stage and did so. This was reported in the control logs and confirmed by interviewing the co-driver.

By not having all safety gear correctly fitted at the assigned start time, Car 269 caused a Late Stage Start under RCR 5.11.5 and, per that article, have been assessed a 1 minute penalty.
