Autograph Session - For All Skaters

Dear skaters,

After each of your performances - both the short program and the free skating - please come to the autograph session on the first floor, in the corridor in front of the stands, during the ice-resurfacing break. The area will be clearly marked.

The autograph session is for all skaters.

Last year, there was great interest from fans in getting autographs. To avoid disrupting the competition, we have scheduled the autograph sessions during the ice-resurfacing breaks and moved them to the corridor in front of the stands.

Many fans come to the event to see their sporting idols. They will be very grateful if you can spare a few minutes to give them an autograph.

Thank you.
